

## CLAIM VICTORY FOR LANGER

WILSON'S TREATY PLANK MODIFIED  
BY DEMOCRATIC COMMITTEE AFTER  
A BITTER FIGHT ON RESOLUTIONS

Platform to Declare for Ratification But Not Opposing Reservations Which Do Not Nullify It—Expresses Sympathy for Irish and Advocates Collective Bargaining for Farmers—Bryan Loses in Fight for Liquor Declaration But Keeps Out Affirmative Proposal for Liquor—Nominations Are Held Up

San Francisco, July 1—Conferences of the forces seeking to effect a combination to defeat the nomination of William G. McAdoo, failed to reach any agreement on a candidate. It was learned this afternoon, and their only accomplishment seems to be to stiffen the determination to exercise a veto power if possible.

San Francisco, July 1—The democratic platform as drafted by the sub-committee of nine and submitted to the full committee, declared for ratification of the peace treaty as a requisite to preserve the honor and integrity of the nation; suggests that the Irish question can be brought legitimately before the league of nations and is silent on the subject of prohibition.

It advocated collective bargaining for farmers, opposes compulsory arbitration of labor disputes, declares for recognition of the new Mexican government when it has established order and calls on the legislatures of Tennessee, Florida and North Carolina to ratify the suffrage amendment.

## FOLLOWS VIRGINIA PLATFORM

In many respects the platform follows that adopted by the Virginia democrats and was publicly approved by President Wilson.

The league of nations plank in particular was taken virtually as a whole from the Virginia platform though in other respects there have been modifications and many new sentences have been added.

In the treaty battle the administration failed to secure adoption of its plank without amendments. The committee, by a vote of 32 to 18, adopted an addition by Senator Walsh, of Massachusetts.

## Bryans Thrown Out

The sub-planks of William J. Bryan and Senators Pomerene and Walsh, of Montana, were thrown out.

As submitted to the committee the administration treaty plank according to authoritative information, contained these words:

"We recommend ratification of the treaty of Versailles and the league of nations covenant without reservation which would impair its effectual integrity."

The words added by Senator Walsh's amendment were:

"But we do not oppose reservations which would make more clear or specific our obligations to the associated nations."

The substitute plank of Mr. Bryan and Senator Walsh of Montana, and Pomerene of Ohio, went down to defeat. It was said, with 12 to 15 votes each.

The labor plank adopted declared against compulsory arbitration but deplored strikes and lockouts and advocated that some way be found to settle industrial disputes.

The committee also put its approval on a declaration for legislation which would permit collective bargaining by farmers.

As reported by the sub-committee the league of nations plank followed closely that adopted by the Virginia democrats.

On the prohibition issue the sub-committee made no recommendation; and a big griet of proposed wet and dry proposals were offered, with Mr. Bryan leading the drys in a determined crusade to keep the party from making a wet declaration or remaining on the prohibition issue.

The Irish plank submitted by the sub-committee reiterated in general terms President Wilson's principle of self-determination, expressed sympathy for the aspirations of the Irish people and suggested that the Irish problem could be legitimately brought before the league of nations. This is unsatisfactory to some of the committee members who are making a fight for a plank pledging the party to recognize the Irish republic.

Refreshed by its overnight breathing spell the convention went back with renewed vigor to the business of winding up nominating speeches. Yesterday's whirlwind session having placed ten candidates formally in nomination only one speech remained to be heard today before the report of the resolutions committee reporting the party platform.

It was the speech of Governor Cornwall of West Virginia, presenting the name of John W. Davis, ambassador to Great Britain.

McAdoo Strong  
Frankly admitting that McAdoo seems to have the inside track on the race for the nomination the inner circle of the old line democratic leaders worked through the night devising means to stop his nomination and find a candidate who could command the necessary two-thirds vote.

Champ Clark, former speaker of the house of representatives, who was denied the nomination at Baltimore, after having repeatedly received a majority—something unprecedented in democratic party history—was being discussed by the old line leaders as a possibility about whom they might rally.

McAdoo Threat  
The answer of the McAdoo people to that move was that if an inner circle combination forced all the forces against the former secretary of the treasury there would be disclosed another coalition which would produce (Continued on Page Three)

CITIES THROW  
HEAVY VOTE IN  
LANGER'S FAVOR

Gains Made by Victory Ticket Candidate, Most Towns Reported

## MINOT GOES FOR LANGER

Grand Forks Shows Closest Vote of Any Towns Thus Far Showing Complete Vote

The anti-Townley vote in cities and towns was heavily for Langer, as was expected, but the majorities rolled up by Frazier's opponent for the gubernatorial nomination was surprisingly large in many cases.

Minot, where there was considerable excitement aroused against Mr. Langer because his raids he directed there while enforcing the law as Attorney General, gave him a large majority, although it was evident there was resentment in some of the ward voting.

Mandan, Langer's home town, gave him a handsome majority of 382. The total vote in Mandan, as in most cities, exceeded that of two years ago.

## MINOT'S VOTE

Minot, July 1.—An immense crowd was in front of the Minot Daily News office last night when returns were received. There was no doubt of the sentiment of the crowd—it was a Langer crowd.

The city complete gave Langer 1,113 and Frazier 427, a majority of 686.

The fourth ward was carried by Frazier, 54 to 53. The vote here was a reflection of Langer's law enforcement activities in Minot. The Third ward, incomplete, gave Langer 131 and Frazier 37. The Seventh ward gave Langer 117, Frazier 51.

## Frazier Loses

The Eighth ward gave Langer 260 and Frazier 51. The fifth ward, Langer 215, Frazier 24. The sixth ward, Langer 117, Frazier 51.

Three wards in Kenmare gave Langer 134, Frazier 84; Gronna 127, Ladd 78, Norton 126, Sinclair 89. This is Sinclair's home town.

The ward vote in Fargo gave Langer 45 and Frazier 22. Burlington, Ward county, gave Langer 34, Frazier 35. Carpio, same county, gave Langer 21, Frazier 11 and McKinley township, Ward county, gave Langer 10, Frazier 34. Survey township gave Langer 27 and Frazier 22. Two years ago the vote was switched, Frazier getting 40 votes to Steen's 22.

## FARGO VOTE BIG

Fargo, July 1.—The city of Fargo cast about 3,200 Republican votes and about 200 Democratic votes. Last year gave Grover 152, Ladd 35, White 10, Lisbon, Ransom county and Elliott village, four precincts, gave Frazier 75, Langer 340.

Ten precincts in Richland county, including all of Wahpeton city, gave Langer 788 and Frazier 180. The city of Wahpeton, complete, gave Langer 438, Frazier 66.

Harmony township, Cass county, gave Grover 23, Ladd 6, Frazier 8, Langer 24. Two years ago it was Steen 22, Frazier 4. The sixteenth district Fargo, gave Frazier 53, Langer 77, Burdett 48, Ladd 42, Gronna 63, White 7.

## Gronna Carries Home

Norman township, Cass county, gave Langer a majority of 57. Two years ago the majority was 3. Sheldon gave Langer 78, Frazier 54. It gave Doyle 39 and Frazier 23 in general election two years ago.

Lakota, Senator Gronna's home town, gave Grover 152, Ladd 35, White 10, Lisbon, Ransom county and Elliott village, four precincts, gave Frazier 75, Langer 340.

Ten precincts in Richland county, including all of Wahpeton city, gave Langer 788 and Frazier 180. The city of Wahpeton, complete, gave Langer 438, Frazier 66.

Harmony township, Cass county, gave Grover 23, Ladd 6, Frazier 8, Langer 24. Two years ago it was Steen 22, Frazier 4. The sixteenth district Fargo, gave Frazier 53, Langer 77, Burdett 48, Ladd 42, Gronna 63, White 7.

## County Vote

Wheatland village, Cass county, gave Frazier 16, Langer 31. The 11th precinct in Fargo gave Langer 161, Frazier 51. Three precincts in LaMoure county, first reported, gave Langer 167, Frazier 68. Kindred, Cass county, gave Frazier 63, Langer 120. Watson township, Cass county, gave Frazier 18, Langer 27. Two years ago it was Steen 18, Frazier 27.

Durbin township, Cass county, gave Langer 26, Frazier 27. Two years ago, Frazier 12, Steen 27.

Erwin township, Cass county, gave Langer 50, Frazier 23. For senator, Ladd 48, Gronna 42, for Congress, Ladd 38, Burdett 42.

Park village gave Langer 71, Frazier 13. The first five voting precincts in Foster county gave Langer 278, Frazier 76, Gronna 121, Ladd 50.

It appeared that Langer would carry Cass county. Twenty-two precincts in the county, including six in Fargo, gave Langer 244, Langer 150. Six precincts out of 17, city of Fargo gave Frazier 331, Langer 934. Tenth precinct of city gave Langer 147, Frazier 45.

First six precincts outside city gave Langer 147, Frazier 45. First six precincts outside city gave Langer 994, Frazier 331.

Gronna carried Dr. Ladd's home precinct 181 to 135.

FRAZIER LOSES  
BURLEIGH CO.,  
REPORTS SHOW

Anti-Townley Candidate for Governor Nearly Doubles Rural Vote Given Steen in 1918

## LANGER LEADING BY 248

Nonpartisans Concede Incomplete Returns Indicate Frazier Defeat

With five precincts missing at 3:30 this afternoon, Langer had a lead in Burleigh county of 248 votes. The missing precincts gave Frazier a majority of 35 in 1918, but this year if they run in the same style as the other county precincts will give Frazier less than 50 majority. Some former outstanding league precincts are showing a complete turnover, giving Langer the same majority they gave Frazier in 1918.

The legislative ticket is apparently running a little ahead of the state ticket. All of the anti-Townley county candidates are the Nonpartisan ballot are leading their opponents. Leo Morris and Oscar Trygg are ahead of Richard Penwarden for register of deeds. F. E. McCurdy is running way ahead of Ed Allen for state's attorney.

The county precincts have been counted on by Nonpartisan leaguers as their stronghold and when they saw last night that Langer's lead in the city was only 160 they were betting money freely, even giving odds, that Frazier would carry the county. At 1:30 this afternoon the Nonpartisans conceded the loss of the county, but maintained Langer's majority would be less than fifty votes.

The county precincts have been counted on by Nonpartisan leaguers as their stronghold and when they saw last night that Langer's lead in the city was only 160 they were betting money freely, even giving odds, that Frazier would carry the county. At 1:30 this afternoon the Nonpartisans conceded the loss of the county, but maintained Langer's majority would be less than fifty votes.

LEADING FRAZIER  
BY 10,000 VOTES

## Bulletin

Fargo.—The city complete gave Langer 2,479; Frazier 1,011; Ladd 1,159; Gronna 2,109; White 175; Burdett 2,124; Baer 1,257.

Williston.—The majority of Steen two years ago was cut here. Langer received 326 to Frazier's 249. In 1918 Frazier 54, Steen 288. Last year industrial commission, yes 143; no 327. Bismarck.—Francis township this afternoon reported 15 for Frazier and 5 for Langer. Two years ago it was 3 for Frazier.

Lincoln.—Nineteen precincts out of 32 gave Langer 728; Frazier 481. Predict full vote will give Langer 100 majority. Two years ago Frazier carried county 2 to 1.

Fargo.—Complete returns from Foster county give Langer 575; Frazier 564. Dickey county gives Frazier 913; Langer 924. Frazier carried Dickey county by 233 votes two years ago and Foster county by 213.

Moft.—The vote here on state and county ticket is a tie all the way, except for prosecuting attorney, McCurdy leading Ed Allen by 14 votes.

Hillsboro.—The total vote of Traill county, in Red River valley, gives Langer 1,390, Frazier 1,239.

## ELECTED

The **KEEP KOOL** national summer suit for men is elected to keep men cool and comfortable during the hot weather.

These suits are made of genuine **PALM BEACH** materials in light and dark patterns. You'll like their comfort style and appearance.

## PACIFIC COAST DELEGATES FOR UNITED ACTION

Plan to Demand Anti-Jap in Platform of Democratic Party at Frisco

San Francisco, July 1.—An organization of the Far Western delegations representing the Pacific Coast and Rocky Mountains states and the Pacific Territories, was formed here and may be able to control a block of 110 delegates in the convention in support of various topics of particular sectional interest.

The most important of these—the anti-Japanese plank written by Senator William of California—was not presented at the organization meeting, but almost certainly will receive the united support of the blocks in the convention.

The grouping of the Far Western representatives was proposed at a dinner given in the Fairmount Hotel by the California delegation. Governor Samuel V. Stewart of Montana was elected chairman, and Judge E. E. Hollister of Arizona, Secretary, and this afternoon representatives of California, Oregon, Washington, Idaho, Montana, Nevada, Utah, Wyoming, Colorado, Arizona, New Mexico, Alaska, Hawaii and the Philippines met for preliminary discussion.

There does not seem to be much hope of getting any such plank in the platform, this year at least. The Pacific Coast delegates realize that the Japanese question arouses only tepid interest in the East, and while no statement has come from Administration leaders, it is assumed that there is no enthusiasm for a measure which might produce grave international complications.

## LEADING FRAZIER BY 10,000 VOTES

(Continued from Page One)  
Reports from the various cities disclose an increased total vote cast for Frazier as compared with two years ago. However, by even greater increases in the vote cast for Langer and his ticket.

**League Strengthens**  
Counties from which the league expect their heavy vote and from which little returns were available during the night include McHenry, which gave Frazier a majority of 950 two years ago; Bottineau, which gave Frazier a majority of 899 and from which the only returns available are from the city of Bottineau.

Renville, which gave a margin of 902 for Frazier, and which has so far reported only the Mohall city and the Tolley village and township vote; Sheridan, which gave 503 for Frazier two years ago and from which nothing had been heard; William, which gave 536 for the league two years ago, and from which Williston and only three rural precincts have reported; Oliver, which gave a margin of 440 two years ago and from which only two town precincts have been reported; Divide, which gave 521 for the league two years ago and which was silent during the night; Burke, which gave 448 for Frazier two years ago, and which is among the missing today.

**Other Strongholds**  
Other league counties of two years ago from which no reports have been received include Bowman, 231 for Frazier in 1918; Hettinger 266 league in 1918; Adams 243 for the league two years ago; Kidder which gave 732 for the league two years ago; La Moure which gave 716 for Frazier in 1918 and several other league standbys.

## WILSON TREATY PLANK IS MODIFIED BY DEMOCRATIC COMMITTEE AFTER FIGHT

(Continued from Page One)  
Wilson backed dark horse. The name of Homer S. Cummings, chairman of the democratic national committee, dropped out whenever the administration dark horses were discussed. The name of Vice-President Marshall was generally linked with that of Champ Clark when combination candidates to break the McAdoo gave was discussed among the old liners.

**Cox and Palmer**  
The report persisted that there was some kind of an understanding between the Cox and Palmer men and that the managers of these candidates favored the nomination of anyone rather than McAdoo.

One of the plans under consideration for today's proceedings was to get the platform out of the way, take two or three ballots and then recess till Friday morning. No one could be certain until Friday morning, however, of getting resolutions out of the way. Claims of strength for the leaders ranged about this way when the convention assembled.

Irreconcilable opponents of McAdoo claimed a block of 400 bitter enders who would stand to the last and prevent his nomination.

McAdoo leaders claimed to have within fifty votes of the necessary two-thirds. In contrast to this the opposition to McAdoo claimed his vote would not exceed 450. It requires 728 to nominate.

Another night of maneuvering and bidding for support among campaign managers promises to intervene before the balloting clarifies the situation.

**Nominations Made**  
Senator Owen of Oklahoma, former Ambassador Gerard and National Chairman S. Cummings were placed in nomination for the presidency yesterday afternoon.

**President Applauded**  
As the speaker delivered that sentence he turned and raised his arms to the portrait of the president hanging before the audience. The delegates and galleries responded with a demonstration of applause and cheers.

of thanks. Ira C. Rothberger of Denver, Colo., also seconded the nomination of Mr. Cummings.

**Hitchcock Presented**  
The name of Senator Hitchcock of Nebraska, was presented to the convention during the second hour.

**Demonstrations Organized**  
Delaware yielded to Nebraska and former Gov. Schallenger presented the name of Senator Gilbert M. Hitchcock, the administration leader in the treaty fight in the senate. There was no seconding speech for Mr. Hitchcock and when the call of the states was resumed Florida yielded to Pennsylvania and John H. Bigelow took the

platform and presented the name of Attorney General Palmer.

**BREAK PEWS AS RESULT OF ROW**  
Dixon, Ill., June 1.—Dissension among members of the Perkins Grove Lutheran church, south of Dixon, resulted in some of the members breaking into the church building during the night and with axes and saws destroying pews and pulpit, according to county officials. Several arrests are expected.

**LABOR SHORTAGE**  
Chicago, July 1.—A shortage of common labor in the steel industry of the Calumet region from Gary, Ill., to South Chicago, was reported by employment offices today. It was said 10,000 men were needed.

## FINAL JUDGING CONTEST TO BE HELD ON FRIDAY

Former Dairy Commissioner Will be Judge at This Contest; to be Held in Grass Lake Township

The final stock judging contest of Burleigh county will be held Friday of this week at the Erickson Bros farm and the John Moons farm in Grassy Lake township. At this contest the team to represent Burleigh county at the State Fair on the 16th of July will be chosen.

There are six boys who will compete in the final contest. These have been the high contestants at the two preliminary contests already held in the county. They are Leland Perkins, Bert Hedstrom, Lester Falkenstein, Grant Lindsey, Henry Swanson and Herbert St. Peters.

John DeYoung, former deputy Dairy Commissioner, will be the judge at the contest on Friday and will select the county team.

An inter-county Stock Judging contest will be held between the judging teams of Burleigh and Emmons counties at Britton on Wednesday, July 7. During the week prior to the fair at Fargo, the judging team will be selected to constitute the team.

given intensive training in the finer points of stock judging. Some of the leading herds in this and the adjoining counties will be visited. County agent Geo. W. Gustafson will have charge of this work.

More than \$200,000,000 were loaned to farmers by the federal land banks in April

## Land for Sale

117 acres of land close to the city of Bismarck, reached by two railways. This land will be worth several hundred dollars per acre in a short time. Price for quick sale \$85 per acre; one-third cash.

# 3,000 CHURCH PEOPLE ATTEND BOSTON MEETING

Congregational Church Council Will Continue Through Next Week

Boston, Mass., July 1.—Congregationalists from many lands were here today for the fourth decennial international Congregational council. Nearly 3,000 delegates, representing 13,000 Congregational churches in all parts of the world, have registered. The council, which will continue through next Tuesday, will celebrate the Pilgrim centenary. Pilgrimages will be made to communities with whose early history is interwoven the founding of American Congregationalism.

At the sessions here, every phase of the church's activity will be considered. Among more important questions to be discussed is the church unity movement. The opening session was given over to a devotional service. The program included addresses of welcome by President Henry Churchill King of Oberlin college, moderator of the National Council of Congregational churches of the United States, Arthur H. Wellman, chairman of the Boston committee on arrangements, and Mayor Peters.

On the motion of the Rev. J. D. Jones of Bournemouth, England, the Rev. James L. Barton, D. D. secretary of the American Board of Commissioners for Foreign Missions, was

# VAUDEVILLE ARTIST MARRIED HIS PARTNER WHILE ON HIS DEATH BED

Chicago, July 1.—Jack Volair, vaudeville comedian, was married on his deathbed to Mary Mae McDonald, his partner and fiancée for years. They were married in a private ward in a hospital at Champaign, Ill., where Volair was dying from injuries received in an automobile accident near Champaign, while motoring from Burlington to Danville. Miss McDonald, who was making the same journey on the train, saw the accident from the car window, and recognized Volair in the wreckage as the train sped past. She got off at the first station and raced back to Champaign. All through the night she sat at his bedside waiting for him to recover consciousness. At noon he opened his eyes. "Well," he smiled, "it looks like wedding bells." "What about those wedding bells?"

Miss McDonald, weeping, did not reply. The confessor pressed her hand and called for a physician. There was a whispering conference. The physician left, returning a few moments later with the Rev. R. F. Flynn of St. Mary's Catholic church of Champaign. Death Appears Certain. He remained some time alone with the dying man, then summoned Miss McDonald. "He wants you to marry him," he said. The girl moved nearer the bedside and went through the ritual in silent tears. Presently it was over, and the priest, after giving extreme unction, withdrew. There were left the two. Slowly he sank, while he held his wife's hand and gazed at her with brilliant eyes. "Well," he said, with a feeble laugh, "I didn't leave you at the church, did I?"

# BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female troubles. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver and Kidney Pills and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me." Mrs. Frank Hill, 418 Jackson St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy. If you are it do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

# BURNING OIL PERILS MANY

Danville, Ill., July 1.—Engineer William Stewart and Fireman Bolport were injured, the former probably fatally, and several hundred passengers in a narrow escape from injury or death when the eastbound Wabash passenger train crashed into five loaded oil cars at the west end of the Tilton yards, four miles west of here. The passenger train was running late and the engine crew did not see the oilcars until they were close-up on them. The heavy locomotive plowed through the five tank cars scattering wreckage and burning oil in such a manner that it for a time looked as though the entire train and its passengers would be consumed. Quick work succeeded in getting it safely out of the danger zone and outside of a severe shaking up the passengers were uninjured.

# CHANCE TO SEE OLYMPIC GAMES

Chicago, Ill., July 1.—Naval reservists from Ohio, Indiana, Illinois, Kentucky, and Michigan may attend the Olympic games at Antwerp, Belgium, this summer with all expenses paid, and active duty pay at the new increased rate. Rear Admiral F. B. Bennett, commander of the ninth, tenth and eleventh districts, with headquarters at Great Lakes training school, has issued a call for electricians (radio), engine men and firemen to make the cruise on the U. S. S. Frederick, which will sail from Philadelphia navy yard

# PRESIDENT TO GET MOVIE JOB IF HE DESIRES

Many Offers Given Him, Ranging from University Head to Newspaper Job

Washington, July 1.—President Wilson, on leaving the white house, will have the opportunity of taking any kind of a position that he wants. Every day there come to the executive mansion numbers of offers that include just about every kind of a job there is in existence. He is known to have been offered the leadership of a score of big universities and hundreds of newspapers are more than willing to have him at almost any salary he might name, and last, but not least, more than one film corporation has made tentative offers for his services in moving pictures.

Admiral Grayson, his physician, said that he knew of a reported offer from the University of the Philippines of a salary of \$100,000 a year to the president, to serve as its head. "Just what the president will do after his retirement no one can say at this time," Dr. Grayson declared. "The concern of everyone about him is to make him well as quickly as possible." Washington was agog at a widely circulated report that the president and Mrs. Wilson had visited a local bank and that the president had walked in and out of the institution without aid. Anywhere from 300 to 600 persons declared that they personally had seen the president and refused to believe the positive announcement from the white house that Mr. Wilson had not left the house.

Inquiry from the bank developed the fact that Mrs. Wilson had called, and that she had been escorted to and from the car by her brother, Mr. Boling, who resembles the president. The world uses between three and four million needles daily.

# Out to-day New Victor Records for July

A program of great music such as only the Victor can present. The newest offerings of world-famed artists, among them several who achieved their first American triumphs during the recent opera season. Look over the list and mark the selections which specially appeal to you. Any Victor dealer will gladly play them for you.

# Diamond

Squeezee Tread

# TIRES

FULL OF LIFE

MORE than two million Diamond Tires are in use—now, almost one for every third car in the United States.

The reason that hundreds of thousands of motorists are buying Diamond Tires is because Diamonds are delivering the service.

Small wonder that motorists buy more Diamonds than any other tire not sold to car manufacturers for original equipment.

## EASY RIDING IS DEMANDED BY ALL MOTORISTS TODAY

"Nothing so grates on the nerves of automobile drivers and passengers as a car body that grunts with each road bump or jolt and interrupts conversation with rasping squeaks or rattles," says J. C. Anderson, of the Last Motor company.

The new Overland body construction has been one of its great sources of popularity with the buying public. In the construction of this body, thick, high-grade steel is thrust into giant pressing and stamping machines and is removed from the dies in varied and interesting shapes.

One piece of steel has become the shell of a door. Another steel plate takes the form of the tonneau. The curved top of another steel shell indicates its purpose at the back of the driver's compartment.

Each of these pressed and stamped forms is assembled and welded together. By this process the various parts become a single unit. There are no bolts to work loose and no screws to pull out. The welding process makes the new Overland body an all-steel, one piece unit with not a chance of a body squeak or rattle.

The rest of the construction and upholstery is of the same quality. Added to this is a paint job not possible with any but all-steel body. A body with wood in it would not stand the extremes of heat and steam to which this body, in the painting process, is subjected.

In this painting seven distinct operations in electric ovens of 450 degrees heat are required. In this intense heat the enamel is baked on lustrous, hard and permanent.

## WARNING

Wichita, Kan., July 1.—The executive board of the National Wheat Growers' Association has adopted resolutions recommending to its membership a reduction in acreage of the 1920 wheat crop to 60 per cent of present acreage.

The resolutions set forth that statistics "are to the effect that this year's wheat crop will afford 200,000,000 bushels of wheat in excess of bread and seed for the next twelve months and present indications are that we will have no export trade with the starving nations of Europe." The result will be, according to the resolutions, that "the wheat grower will become pauperized and our nation will be crying for bread."

Headquarters of the association are here. W. F. McMichael and W. H. McGreevy signed the resolutions as president and secretary.

## New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, testified to this: "My head at the top and back was absolutely bald. The hair was thinning. An expert said that he thought the hair roots were extinct and there was no hope of my ever having a new hair growth. Yet now, it is an eye over 66, I have a luxuriant growth of soft, strong, lustrous hair. A true picture of the hair growth shown here are from my photographs." Mr. Brittain testified further:

Photo when bald

After hair growth

"At a time when I had become discouraged at the loss of my hair, I was advised to try KOTALKO. I bought a bottle and used it as directed. After a few days I noticed a slight growth of hair. I continued to use it and the growth became more pronounced. I am now a happy man, my hair is growing again, and I am proud to show it to my friends. KOTALKO is a wonderful hair growth remedy." Mr. Brittain testified further:

**How YOU May Grow YOUR Hair**

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, or other causes. The hair roots were still alive and waiting for the right treatment to bring them back to life. KOTALKO is the only hair growth remedy that has been proved to bring back the hair roots to life.

## MARRIAGE OF LOCAL MAN IS REPORTED HERE

The marriage of Merton S. Van de Water of this city and Miss Delmore H. Lamb, of Minneapolis, was solemnized Sunday, June 27, at 5:00 P. M. at the home of the bride's mother, Mrs. Warren H. Lamb, 1104 Spruce Place, Minneapolis, Minn. The Rev. Day, pastor of the Wesley M. E. church, officiated.

Only the immediate members of the family were present. After the ceremony the couple left on the Northern Pacific Limited for Portland, Oregon, where they will spend their honeymoon.

After the honeymoon they will reside at Westchester, Washington, where the groom has secured a position with a large packing concern.

The wedding is a continuation of a romance which had its beginning last year, when Mr. Van de Water was a visitor on the coast with Mr. and Mrs. Sam H. Clark, last September. She is a sister of Mrs. A. H. Jones of Virginia City, Montana, who is now visiting with the Clarks.

L. E. Heaton, of McKenzie, candidate for representative was a caller in Bismarck Tuesday.

**Y. P. S. Meeting**  
These will be a joint meeting of the choir and young people's society of the Trinity Lutheran church at 8:30 o'clock this evening. The meeting will be held in the church, and such business will be transacted as may come up relative to that convention to be held here on July 4 and 5. It is necessary that all members of the society and choir be present at this meeting.

**PEOPLE'S FORUM**  
Editor Tribune:  
The following resolution has been adopted:  
New England, N. D.  
June 28th, 1920.

To the President of the United States  
Through Channels.

We, the members of the Anton Ulljohn Post No. 66 of the American Legion, in regular session assembled, do hereby subscribe to the following resolution:

First, Resolved that the pardoning of Kate Richard O'Hare, a socialist agitator, who during the war was noted for her continual and aggravated attacks upon the American government, army and navy, is detrimental to the promotion of that security and peace for which we entered the service of our country.

Second, Resolved that the growth and increase of these social agitators who are deliberately seeking to undermine our institutions and government, is a matter of the most vital concern to every member of the American Legion.

Third, We therefore resolve that the action of the President of the United States in so pardoning the said Kate Richard O'Hare who was justly tried and sentenced by the courts of the United States in strict accordance with due process of law, is a direct contravention of his duties and obligations as President of the United States.

Fourth, We therefore, with a full realization of the menace of the continued presence in our midst of such agitators as Kate Richard O'Hare and others, most solemnly and sincerely renew our oath of allegiance to the American government and pledge ourselves to wage unremitting warfare upon all who advocate such measures or uphold those who are such advocates.

Signed and subscribed to by the Anton Ulljohn Post of the American Legion by the hand of our Post Commander.

GEO. A. SARCHET,  
Post Commander, Anton Ulljohn Post No. 66 American Legion, New England, N. D.

To the Bismarck Tribune for publication.

J. L. BOUCHER,  
Adjutant, Anton Ulljohn Post No. 66, New England, N. D.

**ROOSEVELT ROAD TO BE BOOSTED THROUGH STATE**

Minot, July 1.—President Will E. Holbein of the North Dakota division of the Roosevelt Highway association, returned the latter part of the week from the western part of the state where he had been securing the assessments of the various towns along the highway, and adjusting disputes concerning routing. This means that with the money practically in sight for marking the western part of the state will have the highway properly marked within a few days, when attention will be devoted to the central and eastern portions of the state. The late spring has delayed the collecting of the necessary money to mark this important international highway, but from now on the officers of the association will "hit the ball" to the end that by early July the whole highway will be marked through the state with the new marking.

The stencils for the marking have arrived at the president's office, and when the job of marking is completed the trail will be hard to lose, as it is proposed to mark the highway every mile from Grand Forks to the Montana line.

**BRITISH SUMMER AT HOT SPRINGS**

Washington, D. C., July 1.—Summer accommodations for the British embassy have been secured at Hot Springs, Va., and most of the embassy staff will be transferred there in the course of the next few days.

Lady Goddard, wife of the ambassador, will spend the summer in England, and expects to return to Washington in October.

Authorities give the average duration of human life as 33 years.

More than 100,000 motor cars are sold annually in the United States

## MOTHER OF WM. HANEWALD DIED ON WEDNESDAY

Death, on Wednesday, called to the spirit of Mrs. Christian A. Hanewald, 704 Sixth street, after a lingering illness of three months duration. The cause of death was due to influenza and dropsy.

Mrs. Hanewald was born in Saxony, Germany, on July 18, 1854. Before coming to Bismarck, three months ago, she resided in Minneapolis. She leaves to mourn besides her husband, Conrad Hanewald, one son, William Hanewald. She was a member of the German Lutheran church in which she was married 42 years ago. The remains will be taken to Minneapolis for burial.

## RACING USHERS IN LIGHT CAR EPOCH

"Racing is the crucible that has brought about the present perfection of the motor car," declared R. B. Loubek, today. "Almost every advancement of the designer's art has come from the experience gained through speed and endurance contests."

"The quick detachable rim, the use of special steels to obtain lightness and the building of stream-line bodies to decrease wind resistance, are examples of some of the many advancements which have come from the lessons learned in racing which have benefited every motorist."

"At this year's Indianapolis race, for instance, the size of the motors was cut almost in half and yet these cars proved their ability to out-perform the larger engines of other years. The smaller engines cut the pit stops in half and, as a result, the average miles per hour was greater than last year when the cars made 106 stops at the pits. This year only 58 stops were made."

"The lesson is plain and it is that more size can no longer be taken as a criterion of motor car performance. To the motor car users it means the coming of an era of lighter cars of greater performance, of more dependability and of superior economy."

"The Indianapolis race only served to drive home the lesson already taught by the achievements of the Essex. Although the motor of the Essex is actually smaller than those used at Indianapolis, its wonderful performance was shown on the Cincinnati speedway when it set a new world's long distance endurance mark by averaging more than 60 miles an hour for 50 hours during which time it covered 3027 miles."

"And the Essex which did this was a stock car in every particular and had to contend against the worst possible weather conditions."

**FOR SALE**—Dodge touring car. Good condition. Call 24 or write Box 168. 7-1-19K

# Webb Brothers

**DRIVE** your motor in comfort, and as you move and bend, rejoice in a corset that gives you perfect support without constriction.

The CAMCO is the instantly adjusted corset. The unique arrangement of the lacing from the waist line to the bottom of the corset and the block and tackle arrangement of the adjusting straps, makes daily adjustment the matter of a moment. All that is necessary is a gentle pull on the straps. The CAMCO never slips up.

CAMCO design follows the natural lines of symmetry and beauty, being built on anatomically and physiologically correct principles.

Whatever you wear looks better—whatever you do, you do in comfort—when you wear a CAMCO Corset.

Our expert fitters will show you just how the CAMCO takes care of any over-development of the lower back, hips and thighs, supports the abdomen and gives every figure grace of line.

The woman who drives her own motor finds that the lower body spreads; the CAMCO corrects this tendency.

**THE STATE'S OLDEST NEWSPAPER**  
(Established 1878)

was nothing but the father, whose greatest and only duty was to stand guard at the bedside of his little children.  
The plaudits of the public were forgotten. Nothing mattered but the life of a child. The word from the stricken home came in the midst of Rogers' convention work for this newspaper. The sentence—as only Will Rogers can write them—remains unwritten. That is why the celebrated cowboy humorist will not report the Democratic convention.  
This newspaper, and all of its readers, extend heart-deep sympathy to Will Rogers and hopes, with prayer on the lips, that death may not invade still further into his heart and home.

**HOUSING HOPES**  
Just when the housing problem appeared well on the road to solution it ran into some rather rough bumps and progress slowed down considerably.  
Contracts for home building during the first 4 months of 1920 totaled \$1,114,415,000 in the territory east of the Missouri and north of the Ohio. The same months of 1919 showed but \$464,407,000 awarded contracts.  
Another pleasing fact is to be noted. Residential building (homes) was 31 per cent of the total building contracts in April, which is the year's greatest building contract awarding month. This is to be compared with 19 per cent of April, 1919.  
That's how it stood May 1.  
Along came the "outlaw" railroad strike and the general railway paralysis, the car shortage, terminal congestion, freight embargoes, and—  
The building of homes halted.  
A recent issue of the American Contractor, New York, contains figures from 192 cities showing great recessions of activity in May. Big cities show losses more plainly than smaller ones; "chaos in transportation overshadows all other deterrent factors."  
This, of course, means fewer houses this winter than would have been ready for occupancy through the building months.  
There is success in store for a party that promises men the right to talk without getting a permit from some official.  
How can you expect to buy a cigar for five cents with vegetables as high as they are?  
There is need of a league to enforce peace among those who argue about a league.

**WET OR DRY?**  
President Wilson through Bainbridge Colby, secretary of state, is evidently interested in the wet feature of the presidential campaign. Colby restricts the political moisture to beer and light wines. He urges it openly as a political expedient. Probably a chaser for Mr. Wilson's league of nations plank which the democrats are finding exceedingly hard to swallow.  
Col. Harvey has summed the situation up when he calls it "the terrified Democracy at bay." William Jennings Bryan is furnishing the "terror." He opposes both the wet and the league planks of the administration.  
Wilson dominated the preliminaries of the democratic national convention. The keynote speech was merely an echo of his views and a reiteration of his platitudes. Homer S. Cummins, the "key-noter," spoke faithfully the Wilsonian doctrine.

**THEIR FATHER**  
Those of you who imagined the production of laughs, the manufacture of queer quips and quaint sayings, were the chief end in life of Will Rogers, lovable cowboy humorist, are mistaken.  
Will Rogers, first of all, is father to his children. That is a side of him unseen in public, unmentioned on the stage, unpictured on the screen. But it is there, foremost, and nearest his heart.  
When the grim reaper, with his scythe bearing the word "diphtheria" came upon the Rogers home, the smile faded from Rogers' face, the laughter-invoking word broke up sharply, and he

**CITIES THROW HEAVY VOTE IN LANGER'S FAVOR**  
(Continued from Page One)

**GRAND FORKS VOTE**  
Grand Forks, July 1.—Langer carried Grand Forks, but not by as large a majority as was expected, it was indicated by incomplete returns. Three wards of the city gave Langer 219, Frazier 156. With parts of three precincts missing the city gave Langer 715, Frazier 479.  
**City of St. Thomas, Rev. Birch-**  
enough's home town, gave Langer 69, Frazier 2.  
**Nelson county, seven precincts,**  
including cities of Lakota, Aneta, McVie, gave Langer 432, Frazier 97.  
**Five precincts in Towner county,**  
gave Langer 202, Frazier 97. Seven precincts in Cavalier county gave Langer 316, Frazier 161.  
**Park River vote**  
The cities of Park River and Grafton in Walsh county, gave Langer 359, Frazier 77. Eight precincts in Ramsey county, including three wards in the city of Devils Lake, gave Langer 547, Frazier 238.  
**Twenty-three precincts out of 61 in**  
Grand Forks county, including all but 2 precincts in Grand Forks city, gave Langer 1,489, Frazier 833.  
**Steele county, four precincts,**  
including Hope and Sharon, gave Langer 209, Frazier 84.  
**Ten precincts out of 20 in Foster**  
county, gave Langer 558, Frazier 233, Gronna 394, Ladd 233.  
**VALLEY CITY COMES STRONG**  
Valley City, July 1.—Valley City gives complete vote for Governor, Langer 728, Frazier 127. Two years ago Steen received 528 of Frazier's 124. This shows a gain in the vote for the city of 233.  
**Barnes county will go to the anti-**  
Townley ticket by a substantial majority. One precinct, Leal, went to Langer by a 35 to 0 vote.  
**Nine precincts in the county gave**  
Langer 328, Frazier 226. Two years ago Steen polled 357 to a vote of 209 for Frazier. This shows a net gain of 224 for Langer.  
**HAS BIG VOTE**  
Jamestown, July 1.—Jamestown county will give a large majority for Langer. Langer received 113, Frazier 10; Eldridge, Langer 43, Frazier 10; Woodworth, Langer 56, Frazier 42.  
**The city of Jamestown total gave**  
Langer 853, Frazier 346. In the round-house district in Jamestown where it was claimed by Frazier forces that he would carry heavy, Langer received 84 to 80 for Frazier.  
**The Fourth ward of Jamestown**  
gave Langer 123, Frazier 32. The First ward was, Langer 200, Frazier 30.  
**HEAVY POLL AT GRAFTON**  
Grafton, July 1.—The Walsh county seat gave Langer a vote of 309 and Frazier 60. This shows a big percent age of gain for the anti-Townley forces.  
**TAKES LEAGUE STRONGHOLD**  
New England, July 1.—In Slope county the county seat of Amidon gave Langer 3 and Frazier 2. In addition are that Langer has gained 150 votes in the county, a former League stronghold, with a possibility of carrying it.  
**BOTH INCREASE**  
Hillsboro, July 1.—Three county precincts in Traill county gave Langer 89, Frazier 151. Two years ago gave Frazier 137 and Doyle 47. Frazier vote being increased 14 and Langer 42 over Doyle. Democratic candidate in general election.

**TOLLEY VOTE**  
Tolley, July 1.—This town, Renville county, gave Langer 20, Frazier 48. Mohall gave Langer 71, Frazier 50.  
**CATHRO'S TOWN**  
Bottineau, July 1.—The home town of F. W. Cathro, director-general and manager of the Bank of North Dakota, gave Langer 153, Frazier 43. Returns from Bottineau, Fierce and McIntosh counties are being held up by severe electrical storm.  
**Oakes, July 1.—This town, Dickey**  
county, gave Gronna 200, Ladd 44, White 14, Frazier 35, Langer 280.  
**CAVALIER VOTE**  
Grand Forks, July 1.—Sixteen precincts out of 48 in Cavalier county gives Frazier 235, Langer 556. La-Moure city gave Frazier 27, Langer 147. Ten precincts in Pembina county gave Frazier 235, Langer 558.  
**CRAIG'S HOME TOWN**  
Lisbon, July 1.—The home town of Ray Craig, state manager for the Nonpartisan league, gave in three wards complete, Frazier 72, Langer 315.  
**HEBRON VOTE**  
Hebron, July 1.—Frazier received 113 and Langer 79 in this Morton county town. Sinclair got 107, Norton 80.  
**SANGER GOES FOR FRAZIER**  
Sanger, July 1.—The town of Sanger, Oliver county, gave Langer 26, Frazier 28, Norton 28, Sinclair 22, Gronna 26, Ladd 1.  
**DICKINSON VOTE**  
Dickinson, July 1.—First returns showed 2 to 1 for Langer in city, with prospect of carrying Stark county.  
**ABOUT SAME**  
Douglas, July 1.—This Ward county town gave Langer 50, Frazier 35, about the same as two years ago.  
**CROWELL VOTE**  
Crowell, July 1.—Langer received 10 votes and Frazier 17. In 1918, Steen 3, Frazier 21. Croft gave Langer 29, Frazier 40. Two years ago, Steen 12, Frazier 33.  
**Glenview gave Langer 38, Frazier**  
15, in 1918 Frazier 24, Steen 16.  
**GOLDEN VALLEY VOTE**  
Beach, July 1.—Five precincts out of 20, Golden Valley county, show Langer 232, Frazier 145, about the same majority as two years ago.  
**WILTON FOR LANGER**  
Wilton, July 1.—Wilton gave Langer 108, Frazier 84, Langer gaining 23 votes over 1918 primary. Women's ballot, Minnie Nielson 60, Ruth Johnson 29. Garrison gave Langer 103, Frazier 36; Ryder gave Langer 49, Frazier 32. Underwood, incomplete, gave Langer 105, Frazier 30.  
**VOTE CLOSE**  
Williston, July 1.—The city of Williston, when returns were half in, showed Langer 185, Frazier 168, Gronna 130, Ladd 162, Norton 202, Sinclair 147. Judson township complete gave Langer 13, Frazier 6, Gronna 16, Ladd 16, Norton 18, Sinclair 6. Wheelock complete gave Frazier 32, Langer 30, Gronna 33, Ladd 28, Norton 32, Sinclair 30.  
**DRISCOLL VOTE**  
Driscoll, July 1.—Frazier received 52 and Langer 28. In 1918, Frazier 55, Steen 18. Clear Lake township, Burleigh county, gave Frazier 30, Langer 4. Two years ago Frazier 30, Steen 4.  
**Apple Creek township, Burleigh**  
county Frazier 22, Langer 12.

**A TURN OVER**  
Richardson, July 1.—The city gave Langer 97, Frazier 16, Gronna 99, Ladd 11, Strecker 93, Wood 47, Hall 97, Cahill 12. This is a gain of 75 per cent for the anti-Townley ticket over two years ago.  
**MCKENZIE VOTE**  
McKenzie, July 1.—The town gave Langer 50 to Frazier's 50. Two years ago, Frazier 8, Steen 36. For senator, White 1, Gronna 44, Ladd 18. For congress, Pendry 12, Young 52.  
**BURNESSE RUNS WELL**  
Grand Forks, July 1.—Twenty-five out of thirty precincts in Traill county, gave Langer 1,238, Frazier 860. Burness and Gronna are running about even with Langer.  
**LEAD IN STARK**  
Dickinson, July 1.—Fifteen precincts out of 36 in Stark county give Langer 808, Frazier 362, Ladd 272, Gronna 870.  
**MANDAN VOTE**  
Mandan, July 1.—William Langer's home town gave him a big majority. The vote for the city was Langer 637, Frazier 255. By wards: First ward, Frazier 96, Langer 73; Second ward, Frazier 67, Langer 314; Third ward, Frazier 52, Langer 250. Two years ago the city vote was Steen 494, Frazier 139.  
**HEBRON FOR FRAZIER**  
Killedeer, July 1.—The town vote was Langer 68, Frazier 15. Glen Ullin's vote was Langer 36, Frazier 45. Hebron's vote, complete, was Langer 79, Frazier 113.  
**GOLDEN VALLEY**  
Beach, July 1.—Seven precincts out of 20 in Golden Valley county give Langer 355, Frazier 204.  
**BURKE COUNTY**  
Minot, July 1.—Burke county gives 8 precincts out of 39, Ladd 118, Gronna 166, Sinclair 114, Norton 126, Frazier 121, Langer 190, Fiske 229, Leighton 245, Lowe 11, Moellering 103. First eight precincts out of thirty-nine.  
**WELLS COUNTY**  
Fargo, July 1.—Eighteen of 43 precincts in Wells county give Langer 581, Frazier 507, Gronna 448, Ladd 401, Pendry 358, Young 491.  
**STUTSMAN VOTE**  
Fargo, July 1.—Twenty-eight of 71 precincts in Stutsman county give Langer 1,618, Frazier 871. The count includes the city of Jamestown.  
**CASS COUNTY**  
Fargo, July 1.—Cass county 48 out of 75 precincts give Langer 3,590, Frazier 1,719, includes 15 out of 17 Fargo precincts.  
**Gronna Strong**  
Fargo, July 1.—Five precincts out of thirty-two in Adams give Gronna 167, White 100, Ladd 99, Norton 164, Sinclair 177, Frazier 115, Langer 166.  
**WILLISTON VOTE**  
Williston, July 1.—Complete returns on eight precincts, including the complete returns from city of Williston, largest vote ever cast in city, give Gronna 373, Ladd 306, Norton 400, Sinclair 292, Frazier 355, Langer 397. Minnie Nielson is holding large vote and independent county ticket is running ahead.  
**Lisbon Vote**  
Fargo, July 1.—Lisbon in 22 out of 32 precincts gives Frazier 739, Langer 345.  
**FRAZIER LOSES**  
Grand Forks, July 1.—Six county precincts in Pierce county give Langer 159, Frazier 128. Seven precincts

in Benson county give Langer 412, Frazier 176.  
**TOWNER VOTE**  
Grand Forks, July 1.—The city of Towner, in McHenry county gives Langer 97, Frazier 22.  
**ROLLETTE VOTE**  
Grand Forks, July 1.—Five precincts in Rollette county, including cities of Bolla and St. John, give Langer 202, Frazier 100.  
**MORTON FOR LANGER**  
Mandan, July 1.—Sixteen precincts out of 40 in Morton county give Langer 1,090, Frazier 830. In 1918 Steen 860, Frazier 843.  
**Wilton Visitor**  
Mrs. A. C. Wilde and Gertrude Grobarl of Wilton were visitors in Bismarck, Tuesday.  
**From Temvik**  
Mr. and Mrs. J. V. McLaren of Temvik were visitors in Bismarck, Tuesday.  
**Another Upset**  
Fargo, July 1.—Eight precincts out of 31 in Kidder county give Frazier 289, Langer 284. Two years ago these precincts went 98 majority for Frazier.  
**Pembina Vote**  
Grand Forks, July 1.—Pembina county in 22 out of 39 precincts give Langer 1012, Frazier 517.  
**Frazier Behind**  
Fargo, July 1.—Twelve precincts of Steele county give Frazier 432, Langer 474, Gronna 415, Ladd 365.  
**Dickey County**  
Ellendale, July 1.—Six precincts out of 36 in Dickey county give Governor Frazier 134, Langer 143.  
**Late Grand Forks Returns**  
Grand Forks, July 1.—Nelson county, 14 precincts out of 34 give Langer 784, Frazier 641.  
**Towner county 16 out of 31 pre-**  
cincts give Langer 370, Frazier 232, Burness 364, Baer 281.  
**Williston—A great victory was re-**  
corded for the independents in Alexander, McKenzie county. Vote was as follows: Langer 87, Gronna 64,

Ladd 11, Norton 64, Sinclair 1, Nielson 116, Johnson 3. Large majority of country precincts turned toward the independents in McKenzie county. Gains are being made for Langer in Williams county.  
**Langer Ahead in Cass**  
Fargo, July 1.—Fifty-nine out of 75 in Cass county give Langer 4,374, Frazier 2,143, Gronna 3642, Ladd 2133, White 259, Burness 3601, Baer 2,310.  
**Langer Carries Foster**  
Fargo, July 1.—Eighteen out of 20 precincts in Foster county give Gronna 393, Ladd 300, Frazier 505, Langer 362. Two small precincts missing.  
**LANGER GAINS**  
Napoleon, July 1.—Ten out of 36 precincts give Langer 205 and Frazier 190. Langer gained over Steen's vote of two years ago.  
**ANOTHER GAIN**  
Beach, July 1.—Eight out of 20 precincts give Langer 408, Frazier 252. Steen carried the county two years ago by 137.  
**BETTER THAN EXPECTED**  
Minot, July 1.—The village of Sawyer gives Langer 40, Frazier 4.  
**The first ten precincts in Renville**  
county give Frazier 321, Langer 212.  
**Nine out of 35 precincts in Divide**  
county give Ladd 399, Gronna 284, Sinclair 353, Norton 321, Frazier 402, Langer 342. Langer is running stronger than his friends expected here.  
**CAVALIER COUNTY**  
Grand Forks, July 1.—Cavalier county in twenty out of 48 precincts gives Langer 788, Frazier 367.  
**Grand Forks, July 1.—Ramsey**  
county, 24 out of 46 precincts give Langer 1,153, Frazier 572. Nineteen precincts give Gronna 960, Ladd 448, Burness 930, Baer 509.  
**RICHLAND VOTE**  
Fargo, July 1.—Thirty-one precincts in Richland county give Langer 1,445 and Frazier 748. Twenty-six precincts in Richland county give Gronna

1,256 and Ladd 614. Twenty-five precincts in Richland county give Baer 667 and Burness 1,199.  
**Fargo, July 1.—Nineteen precincts**  
out of 43 in Wells county gives Langer 607, Frazier 550.  
**Nineteen precincts out of 43 in Wells**  
county gives Gronna 564 and Ladd 484.  
**Fargo, July 1.—Seventeen precincts**  
out of 27 in Sargent county gives Langer 805, Frazier 581. Seventeen precincts out of 27 in Sargent county gives Gronna 665, Ladd 531, White 39. Seventeen precincts out of 27 in Sargent county gives Baer 553 and Burness 669.  
**LANGER GAIN**  
Hettinger, July 1.—Fourteen precincts out of 32 in Adams county gives Langer a lead of about fifty, but concede Frazier county by about 150 as compared with 250 majority in 1918.  
**BOWMAN THE SAME**  
Bowman, July 1.—Bowman county in the southwest corner of the state is claimed for league by same majority as two years ago. Bowman town gave Langer 122, Frazier 50, a gain for Frazier of 15 votes over 1918.  
**Marmarth gave Frazier 76, Lan-**  
ger 15.  
**Fargo, July 1.—A telephone message**  
from Hillsboro said that the nonpartisan legislator ticket had been defeated and that the county's majority for Langer would be approximately 200. This county gave 138 for Frazier two year ago.  
**Center, July 1.—Ten precincts out**  
of fourteen in Oliver county give Frazier 416, Langer 142. Frazier's majority 274. Frazier carried by 443 in 1918.  
**STEELE VOTE**  
Fargo—Fifteen precincts out of 26 in Steele county give Frazier 210, Langer 384.  
**LEADS IN**  
Fargo—Fifty-six precincts out of 71 in Stutsman county give Langer 2,227,

Frazier 1,614. Langer's majority 612 in 1918 Frazier carried by a majority of 563.  
**CLOSE IN LA MOURE**  
Fargo—Six precincts out of 36 in LaMoire county give Frazier 211, Langer 213.  
**REVERSAL IN ADAMS**  
Fargo—Sixteen precincts out of 32 in Adams county give Langer 315, Frazier 306. Frazier carried by 243 votes in 1918.  
**FARGO VOTE**  
Fargo—Fargo complete gives, Langer 2,470, Frazier 1,011, Ladd 1,159, Gronna 2,103, White 176, Burness 1,128, Baer 1,257.  
**BURKE COUNTY**  
Bowbells—Burke county fourteen out of 39 precincts give Gronna 270, Ladd 238, Langer 312, Frazier 282.  
**WILLISTON FOR LANGER**  
Williston—City of Williston, total vote, Langer 326, Frazier 249, Norton 335, Sinclair 222. Absent-voters law now ward missing, yes 199; No, 285. Year Industrial Commission, Yes, 143; No, 327. 1918, Frazier 64, Steen 288.  
**FRAZIER LOSES 200**  
Grand Forks—Grand Forks county, 41 out of 61 precincts give Langer 2,014, Frazier 1,444. Bottineau county, 16 precincts out of 56 give Langer 421, Frazier 622. Frazier will carry the county this year by about 700. Two years ago he carried by 900.  
**GRIGGS FOR FRAZIER**  
Fargo—Twenty precincts out of 23 in Griggs county give Frazier 767, Langer 389. Frazier's majority, 368. Frazier carried by 365, in 1918.  
**AN UPSET**  
Fargo—Fifteen precincts out of 26 in Steele county give Langer 384, Frazier 210. Langer's majority 174. Frazier carried by 420 in 1918.

**Stucco Houses Can Be Warm and Dry**

*Heat and Cold cannot get through Flaxlinum Keyboard, the economical, insulated stucco base.*

**FLAXLINUM KEYBOARD**

*Keeps the House Warm in Winter—Cool in Summer—Saves 1-3 of Coal Bill*

**M**ANY people hesitate to build stucco houses because they are afraid that the stucco base will disintegrate, and the stucco crack and disfigure the building. There is also a notion that stucco houses are cold and damp.

You need have no fear on any of these counts if you use Flaxlinum Keyboard with its beveled wood lath. Keyboard is built to insure permanent, warm, dry walls.

It is built up of one-half inch Flaxlinum, high-grade, asphalt-saturated, waterproof paper and No. 1 white pine beveled lath.

The Flaxlinum "insulates" the wall against the passage of heat and cold—just as the walls of your refrigerator are insulated. The asphalt paper is proof against moisture getting into the walls. And the white pine beveled lath makes a permanent, positive foundation for the stucco.

Keyboard comes in sheets ready to be nailed over the sheathing or direct to the studding. Applied on the studs it makes a strong, rigid construction. The Government has built hundreds of houses with this construction and they have given perfect satisfaction.

Keyboard applied direct

**BROTHERHOOD TO ESTABLISH BANK; CHARTER GIVEN**  
Washington, July 1.—Approval has been given by the treasury department to an application for charter for "The Brotherhood of Locomotive Engineers, Co-operative National Bank of Cleveland, Ohio," with a capital of \$100,000. It is reported the bank will begin operations at once, as a building purchased in Cleveland by the Brotherhood of Locomotive Engineers is practically ready for occupancy.

The idea of the co-operative bank, started by the engineers' brotherhood, has been discussed at two of that organization's conventions. However, the war and the various difficulties between the railroads and the employees pushed the scheme into the background for a while.

Officials of the Brotherhood of Locomotive Engineers in this city said they would give full details of the organization of the new bank later, including the board of directors. Warren S. Stone, grand chief of the engineers, is out of the city.

DOINGS OF THE DUFFS Wilbur is Certainly the Liberal Guy BY ALLMAN

which had lapsed for non payment of a premium prior to the death of the insured. It is held, for reasons stated in the opinion, that the evidence is insufficient to establish payment of the delinquent premium and further insufficient to establish a waiver of the conditions of the policy regarding reinstatement.

Appeal from the district court of Hettinger county, Lemke, J. Reversed and dismissed. Opinion of the court by Birdzell, J. Bronson and Grace, J. dissent. Jacobson & Murray, Mott, Attorneys for Respondent. V. H. Crane, Mott, and Miller, Zuger & Tillotson, Bismarck, Attorneys for the appellant.

George W. Kingsley, Kansas City, Mo., of counsel for appellant.

From Morton County.

George Meyerle plaintiff and respondent, vs. The Pioneer Publishing Company a corporation, defendant and appellant.

Syllabus

1 In an action against a newspaper for publishing an article, libelous per se, the party injured under constitutional and statutory provisions may be awarded, general, special and exemplary damages.

2 General damages, considered synonymous with actual or compensatory damages, are distinguished from exemplary or punitive damages, in an action for libel, are such as the law implies and presumes to have occurred from the wrong complained of. They are such as naturally and necessarily result from the wrong. In actions for libel (or other tort), general damages are such as are not caused by any incidental fact or by the peculiar situation and circumstances of the case, but are the natural and uniform effects of the injury itself.

3 Special damages, as contradistinguished from general damages, are those which are the natural, but not the necessary consequence of the act complained of. They are such as actually result from the wrong, but are not such a necessary result that they will be implied by law in cases of libel (or other tort). It may be said that special damages are such as come in the sequence of an injury as are peculiar to the circumstances and condition of the injured party.

4 Pursuant to Sec. 9652, C. L. 1913, which provides for a demand for retraction concerning the publication of libelous matter in a newspaper prior to the institution of any action for libel and, for an opportunity of retraction in the newspaper the person, injured by a publication libelous per se, is not limited, although full retraction has been made, to the recovery of only special damages. He may recover his actual compensatory damages.

5 The evident purpose and intent of such statute, Sec. 9652, C. L. 1913, considered in connection with the constitutional provisions concerning the right of free speech and publication, and the right of redress for legal wrong occasioned thereby is to afford an opportunity to mitigate the actual or compensatory damages recoverable by showing the absence of malicious intent, and to eliminate exemplary damages, by means of a full retraction made as an element of recovery.

6 In an action for the publication in a newspaper of an article libelous per se, it is not necessary, in order to state a cause of action for at least nominal damages, to allege service of a demand for retraction pursuant to Sec. 9652, C. L. 1913, and to allege special damages.

7 In an action for libel against a newspaper, where the complaint has failed to allege notice of a demand for retraction under Sec. 9652, C. L. 1913, and has also failed to allege any special damages, and where demurrer has been interposed thereupon, the ground that such complaint does not state a cause of action by reason of such failure, it is held that the complaint states a cause of action for at least nominal damages.

Action for civil libel against a newspaper in Morton County, N. D., affirmed. The defendant has appealed from an order overruling the demurrer.

Per curiam opinion. Grace and Robinson, JJ. dissent.

M. A. Hildebrand of Fargo, Attorney for respondent.

Sullivan & Sullivan, of Mandan, Attorneys for Appellant.

ALIENS GOING BACK ARE HELD FOR INCOME TAX

Government Inspectors Collect Huge Sums from People Too Modest to Tell Income

**TOTAL REACHES \$10,000,000**

New York, July 1.—Between nine and ten millions of dollars have been gathered from outgoing aliens who were too modest to declare the full amount of their earnings for income tax payments and many thousands more are being collected from delinquent aliens who boast of their ample incomes to immigration inspectors to convince those officials that they can easily care for incoming dependents, according to a statement made public here by Colonel Daniel L. Porter, supervising internal revenue agent of the federal income tax collecting service.

Fifty-five agents have been kept busy at the piers and elsewhere in the city collecting the millions from outgoing aliens. A small squad in a bureau established close by the courts of special inquiry at the Ellis Island station, lend attentive ears to the boasts of the aliens.

**How They're Caught.**

For the months of February, March and April the reports show that more than \$30,000 was collected at Ellis Island from alien tax dodgers, while three times that amount was traced to other localities and the collectors there notified. The reports for May are not yet filed, but the amount collected is said to have increased with the increasing flow of immigration.

A resident alien, explained Colonel Porter, goes to the immigration station to sponsor a relative or friend for admittance to this country, knowing the government's requirements that a responsible person must guarantee that the immigrant will not become a public charge. The resident alien goes prepared to state on oath that his income is ample to safeguard the public against such dependents.

Whether or not this resident alien has paid his income tax becomes the immediate subject of interest for the agents. They call the delinquent into a conference and, after allowing such exemptions as he may be entitled to, levy tax on the remainder of his sworn statement of income.

**Amounts Collected.**

"When the tax dodger is a resident of some city or town not in our district his sworn statement is forwarded to the local collectors, who make the collections. In other cases there are made here and the money sent to the collector of the district wherein the tax dodger resides. Most moneys so collected range in amounts of from \$15 to \$500 and represent taxes due the government on small business concerns and on wages."

Work Out Method of Opposing Jap Government in Shantung During Occupancy

Tsinan, Shantung Province, China, July 1.—While the Shantung provinces remain uninvolved and the Japanese occupation of areas Germany formerly controlled continues a threat to oppose the Japanese has been worked out along economic lines by Chu Yingkuang, civil governor of the province.

Chu Yingkuang who has come to be regarded by foreigners of the Far East as one of China's greatest administrative figures has launched the daring project of building within Shantung a great system of highways to be used by an automobile truck service in connecting all important centers. As a corollary, he plans to deepen and improve waterways so

**RUSSIANS TRY TO MAKE MOSCOW SEEM BUSY CITY**

English Labor Delegates Report Attempt to Make Deep Impression on Them

London, July 1.—An attempt to make Moscow look a busy and prosperous city during the visit to that city of the English labor delegates is told by the Latvian Information Bureau whose Press Bureau at Riga has a special correspondent attached to the peace delegation in Moscow.

The various situations in Soviet Russia had for a long time been busy in making preparations for the reception of the English labor delegates. In order to show to the Russian in attractive colors, says the correspondent in Petrograd where as a rule almost no people are to be seen in the streets, all the officials were ordered to take part in the reception of the English labor delegates and grandiose banquets were organized with the participation of artists from the Munkinski and Alexandrovsky theatres. The delegates were taken to Moscow in a special train accompanied by Lithuanian soldiers in bright uniforms.

In Moscow the day before the arrival of the English delegates all the papers published strict orders issued by the military and civil commissaries, stating what everybody had to do and how to behave. On May 17 the tramway service in the city was suspended all day. This is the way the neighborhood of the Nikolaevskiy station where gaily decorated, they moved to and fro, trying to convey to the visitors the idea of busy traffic.

In the station all the motor cars from Moscow were mobilized even the highest commissaries having to walk. On May 18 a parade was organized but no private persons were allowed to be present. This is the way the Bolsheviks organized the parade comedy of the communistic parades in order to deceive the English visitors as to the real state of Soviet Russia.

**TROTSKY WON'T TRUST ANYONE AS MESSENGER**

Moscow, July 1.—Leon Trotsky, the Soviet war minister is often his own messenger. While he was carrying important dispatches to one of his colleagues, The Associated Press correspondent had a fleeting interview with him in Kremlin the other day.

Replying to a question as to whether he would appoint time to discuss with the correspondent the activities of the working army, he said: "This is a time of momentous decisions in Russia and until party politics for the coming year are determined I cannot talk for publication."

Meanwhile he was taking such long steps as to render it difficult for the correspondent to keep up with him. Crossing the big square of Kremlin he was saluted by the numerous soldiers who recognized him despite the fact that he was wearing the regulation uniform of no different than that of his enlisted men.

A Trotsky walked his wiry person seemed vibrant with energy, showing no signs of the strain of the past three years. Reaching the cavalry carriage he disappeared up the steps, two at a bound, with the parting words, "Call me up later when I have more time."

**NOTICE TO PUBLIC**

The City Board of Sanitation will meet on July 14, 1920, at eight o'clock P. M. At which time the public will hear complaints concerning it. Just assessments.

C. L. BERTON, City Auditor.

AMERICAN JOCKEY PILOTS HORSE TO WIN IN FAMOUS ENGLISH DERBY RACE

The picture shows Spion Kop being led by his owner, Captain Giles Loder, just after the horse had won the greatest racing event in the world, the derby at Epsom Downs.

Spion Kop was considered a rank outsider, the odds being 16 to 1 against him, but Frankie O'Neill the American jockey, seen astride him, piloted him to victory.

O'Neill has been riding in France for a good many years, being first jockey at a big retailer to W. K. Vanderbilt's estate at Polisy. He is immensely popular on the Continent where he is rated one of the finest jockeys in the world.

It is a coincidence that the sire of Spion Kop Sparmint—was owned by the Loder family, also won the derby in 1906 and also was ridden by an American Danny Maher. In the race of June 2 last Tetratna, the favorite did not even come within the money.

That Spion Kop's win was no fluke is shown by the fact that the horse broke all Epsom Downs records for the classic event the time being 2 minutes 24 1/4 seconds or two-fifths of a second less than the previous time held by Lemberg in 1910.

**RUSSIANS TRY TO MAKE MOSCOW SEEM BUSY CITY**

English Labor Delegates Report Attempt to Make Deep Impression on Them

London, July 1.—An attempt to make Moscow look a busy and prosperous city during the visit to that city of the English labor delegates is told by the Latvian Information Bureau whose Press Bureau at Riga has a special correspondent attached to the peace delegation in Moscow.

King Alexander of Greece Personally Accepts Presidency of Olympic Committee

## AMERICANS TO COMPETE

New York, July 1.—While all the members of the American Olympic committee are working individually and collectively to have the United States represented at Antwerp, Belgium, by the very best teams procurable on this side of the Atlantic many other countries throughout the world are endeavoring just as earnestly to secure worthy representatives to take part in the Olympic contests.

King Alexander of Greece, the birthplace of the Olympic games, has personally accepted the presidency of the Hellenic committee and is taking upon himself much of the responsibility of turning out a Greek team that will do honor to ancient athletes of that country. King Alexander, who in an ardent sportsman, has arranged a preliminary credit of 300,000 drachmas which is fully 50 per cent more than that allowed by the Greek government to pay the expenses of the Hellenic participation in the Antwerp competitions.

**Bicycle Events**

Word comes from Belgium that the athletes there, who for many years have taken an extraordinary interest in bicycling, are training hard with a view to winning the bicycle events of the seventh Olympiad. Throughout the entire country, which is said to possess probably more bicyclists per unit of population than any other continental nation except Holland, cyclists are practicing in all directions along the most perfect roads, which can be found almost any place in Belgium.

As an example of the speed attained in some of these trials, Albert Dehonne, who is expected to be a strong contender in the 170 kilometer Olympic race, recently covered 42 kilometers in a road race in 1 hour, 15 minutes, 50.25 seconds. Others were only a minute or two behind him. Belgium is also to contend strongly in gymnastics. Thirty-two athletes who passed through the elimination tests on April 11 are undergoing intensive training each Sunday at three centers, Brussels, Liege and Ghent, in view of the final elimination on June 30.

Many good results have been obtained at the preliminary trials for Swedish sportsmen intending to participate at the forthcoming games. What is said to be a new world's record has been created by Tor Henning swimming 200 meters breaststroke in 2 minutes, 58.4 seconds.

Another good performance was the swimming of 100 meters in seven minutes, 17.5 seconds, by Alf Borg, who established a new Swedish record.

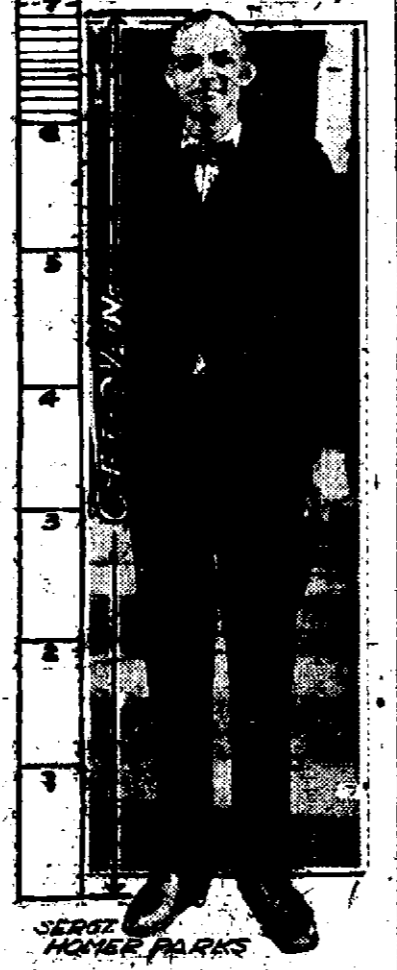

The Australian Federated Olympic Council lately chose the amateur athletes to represent Australia at Antwerp. The following are to defend Australia's title to the 300 meter swimming championship: F. Beaupre, J. Stedman, W. Hay, K. Kirkland and D. Herald. Miss Fanny Durack was selected as an individual swimming competitor. For the Marathon race T. Sinton was selected. W. W. Hunt was chosen for sprints and G. R. Parker as a walker. Gerald Patterson will represent Australia in the tennis championship. Miss Beaupre, a sister of the Victorian champion, named above, will go to the game at her own expense to compete in the swimming competitions.

The latest reports from Wellington, New Zealand are to the effect that the following athletes should represent the Dominion at Antwerp: Harold Sculler, Davidson, runner; Wilson, hurdler; Waldron, swimmer; also a Miss Shand, swimmer; Atkinson, swimmer and Lindsay, sprinter. It was further decided to inquire into the athletic merits of Ollivier, the New Zealand tennis champion, and Captain Brunton, a fencer with a view to their being added to the Dominion's Olympic contingent.

Word comes from Sydney, New South Wales that James Paddon has decided to claim the world's sculling championship for forfeit, on the grounds that the holder, Alfred Follen, refused his challenge for a race before accepting the challenge of Barry of England.

Government sanction has been given to a proposal of the Union club, which controls horseracing on the Berlin courses, to exclude from German tracks all riders and horses of Entente countries so long as German stables are forbidden to compete in foreign race meetings. The Union club now proposes that all other

# TALLEST MAN IN A. E. F. WEDS

**FLINT**—Mich.—Sergeant Homer Parks, ex-soldier, recently married Miss Lella Moore of Yakum, Tex., in the Memphis, Tenn., Y. M. C. A. Now he thinks the whole world should look up to him. And believe us, that is some job, for Parks is 6 feet, 9 and one-half inches tall—just a foot higher than his bride. He was the tallest man in the A. E. F., and led the American military parade through Paris.

sporting organization follow its lead by banning athletes from German field meets until Germans are permitted to take part in meetings in the Entente countries.

Racing at Ruhleben, Germany, the spot which gained notoriety during the war as an internment camp for British civilians, was resumed this year after an interval of six years. Superstitious people were impressed by the fact that the Ruhleben Cup was won by a horse named "Monarchist."

# SINN FEINERS IN EFFORT TO CONTROL LAND

Disturbances in Some Parts of Ireland Are Now More Agarian Than Political

Dublin, July 1.—In several of the western counties of Ireland, disturbances are now more agrarian than political. The Sinn Fein seeks to control the land movement and prevent it getting out of hand. It has been decided that nobody shall be attacked or his cattle driven to make him sell part of his land unless he possesses more than 500 acres. This is a very exceptional amount for any tenant to hold so that the agitation in future will be directed solely against landlords and squatters.

Proclamations have been issued in the disturbed counties in the names of their parliamentary representatives forbidding claimants to land to act in the name of the republic. They point out that many of the claims which have been made are without foundation, and only serve to create ill-feeling between those who ought to be friends and comrades, which is another way of saying that even good Sinn Feiners are being squeezed.

**Plan Arbitration.**

Machinery is set up for the arbitration of claims, which in future are to be sent to the registrars of district courts set up under the authority of the Sinn Fein. Courts are being established throughout the formal authority of the Dail Eireann. Have for some time been functioning in Galway and other counties. Their decisions have not infrequently been in favor of the owner of the land against the claimants.

In some cases such decisions were delayed. Thereupon the registrars' parties were promptly placed under arrest and conveyed by Sinn Feiners to unknown destinations. Such arrests by Sinn Feiners, in pursuance of a policy of endeavoring to maintain public order in property and social matters, are not uncommon. Nobody knows where the prisoners are or what happens to them, but the arrests tend to strengthen popular dependence on Sinn Fein power.

**Apply Martial Law.**

The application of martial law, which is so often talked of in a simple manner. Under the Defense of the Realm act still in force, it can be applied to any extent, anywhere in Ireland. Its general application to the whole country in all its completeness, I believe, not contemplated. But nearly all districts have had it partially applied in some form, and some districts have had it fully applied. At the moment it is only in partial application anywhere.

**DON'T FORGET DOC.**

Teledo, July 1.—"The lawyer handles legal things and argues, but we must not forget that the doctor is the only man who can get you a drink legally," declared Mayor Schreiner, welcoming a medical conference here.

**TALKED TOO LITTLE**

Tacoma, July 1.—His wife, says Dr. Hinton D. Jones, wouldn't speak to him for 18 months and then when she did—Dr. Jones asked a divorce because he says his wife didn't talk enough and then too much.

# -like oranges? Drink ORANGE-CRUSH

SO wholesome and good are Ward's Orange-Crush and Lemon-Crush—so carefully guarded their quality and purity—that even the tiniest tots will thrive upon their harmless deliciousness. Your physician will tell you this.

And how the children like them! They are the drinks the kiddies dream about. All their tempting flavor and fragrance come from the delicate oil pressed from the fruit itself, combined by the exclusive Ward process with purest sugar and citric acid—the natural acid of citrus fruits.

In bottles or at fountains

Prepared by Orange-Crush Co., Chicago Laboratory, Los Angeles

Bottled in Bismarck, N. D., by Capital City Bottling Works, 219 5th Street, Phone 306

# JUMPS IN THAMES.

London, July 1.—"A headache, toothache and heartache" were the troubles of a war widow, she is said to have told a married man with whom she was infatuated. She begged him to clove with her and when he replied he didn't think he cared that much for her, she ended her life by jumping into the Thames.

# WHEN A WOMAN IS NERVOUS—WORRIED

The lives of most women are full of worry. Men's troubles are bad enough, but women's are worse. Worry makes women sick. It pulls them down, and in their weakened condition they are subject to pains, aches, weakness, backaches, headaches and dizzy spells.

Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-round tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

All druggists. Liquid or tablets.

YESHANTI, MICH.—"Motherhood left me with a bad case of feminine trouble. The doctor did not seem to help me. I heard of Dr. Pierce's Favorite Prescription and it gave me relief at once. I took just a few bottles and was completely cured. I have wonderful faith in Dr. Pierce's medicine for women."—Mrs. LUTHER JONES, 614 S. Hamilton Street.

**High Test Tube Free With Each UNIVERSAL TIRE**

Nothing could be more expressive of economy than buying Universal Tires. The material is carefully selected and tires methodically reconstructed. Extra plies of strong fabric and added rubber are used as follows: 300,000 miles of service should run from 7,000 to 8,000 miles. Buy a million in use. Remember, a brand new inner tube is included with every tire ordered.

**Guaranteed 5,000 Miles**

Adjustments made on that basis. Cut your tire expense below the season's rush. We have thousands ready for immediate delivery.

Below prices include tire and tube

# SUN PROVES EFFECTIVE BREAKER OF STRIKE IN SPANISH CAPITAL

Madrid, July 1.—The sun prevented what threatened to be a serious outbreak in Madrid during the recent "holidays" strike. The first two days of the bread scarcity were dull and threatening and the hungry poor were so affected by the lowering skies and the lack of food that they paraded the streets in groups uttering shouts and menacing storekeepers who kept their establishments open.

On the third day the sun shone and, although still hungry and compelled to wait indefinite hours for the loaves to be doled out, the people did so patiently and even cheerily.

All kinds of laws and police regulations were broken by the men, women and children forming the almost endless bread-lines, but the authorities took a lenient view of what occurred.

When an old man brought a camp bedstead, set it up on the sidewalk and stretched himself on it, a policeman arrested him and led him to the station house with his bed. The police captain first looked grave, then began to laugh when the offender explained he knew he might have to wait anything from twelve to twenty hours for his bed and had merely provided against a lull. He was released and returned to his place in the line with his bed amid the applause of the crowd.

Another group hired a barrel organ whose owner played popular melodies while the people waiting with growing appetites and hollow stomachs danced merrily. On the Calle de la Magdalena a cobbler arrived carrying a stool, his tools and a pair of shoes, which he was able to sole and heel before his turn came to obtain a loaf.

Similar scenes were enacted day after day amid general hilarity until the municipal authorities decided to break up the big bread-lines by distributing loaves from a larger number of centers. The danger was then over.

**CZECHO-SLOVAK HAS FUTURE, SAYS DAUGHTER OF DEAD**

London, July 1.—Dr. Alice Masaryk, daughter of the president of the Czechoslovak republic and herself the president of the Czechoslovak Red Cross, who has been visiting London, expressed herself hopefully with regard to the future of her country.

"There is a promise of a good harvest," she said, "the sugar beet crop is estimated at 700,000 metric tons, of which 400,000 tons will be available for export. The political outlook is also good, the new constitution having provided a sound working basis. Its democratic character afforded protection for the minorities in the German districts which could not be given up."

"The Germans," she remarked, "will not have such a hard time in the republic as we thought when they were in power."

The children of Czechoslovakia are

being organized into a Junior Red Cross. Men of the Serbian army assisting. Over 3,000 schools were built in one year in the eastern part of the country which was very much neglected under the Magyar rule and the children are being taught the importance of personal hygiene.

**DONATED BATH**

Grand Rapids, Mich., July 1.—Pete Yosoti invited Bonesslaw Okiasis to take a bath at his Turkish bathhouse. "Then," says Bonesslaw, "he searched my pocket and took \$150." B. O. now wants the cops to make P. V. pay up.

# Too Fat?

**EASY, HOME SELF TREATMENT**

Overstoutness weakens the liver becomes sluggish, fat accumulates, heart action becomes weak, energy fails, work is an effort and the beauty of the figure is destroyed. Fat excess is unhealthy, it shortens lives of many. Don't allow your health to be ruined through a burden of unnecessary fat. Become slender. Spend some time daily in the open air, breathe deeply, get from many druggists a box of Koren and follow Koren's simple directions that come with it.

Weigh yourself and take your measure, measure every week. Continue reducing until you are down to normal. Koren's system is absolutely harmless, is pleasant, and even a few days' treatment is likely to show a noticeable reduction. Legions of testimonials.

Koren's system (pronounced Kureen) has succeeded when other remedies, and have failed. It is the delight of those who wish to improve their figure and to acquire a young, active appearance. \$100.00 guarantee that you reduce 10 to 60 pounds (wherever you need to) or cost you nothing! Buy Koren's at any busy pharmacy; follow directions. Show about friends this advertisement.

**CUTS HIS THROAT.**

Des Moines, Ia., July 1.—J. F. Martin chose a sleeping car "upper" to suicide in. He cut his throat with a pen knife. He disturbed the man in the "lower" and now the doctors have him on the way to recovery.

## FRAZIER WINS NOMINATION

## BRYAN TAKES PROHIBITION AND LEAGUE OF NATIONS FIGHT TO DEMOCRATIC CONVENTION FLOOR

Commoner Also Has Other Planks to Offer as Amendments to Resolutions Committee Report Read by Chairman Glass—New Jersey Man to Offer Wet Plank—Nominations May be Held Up by Battle Over Platform—Republicans Are Assailed

Auditorium, San Francisco, July 2.—All set for the battle of the wet and the dry, the Democratic national convention assembled this morning for a long session.

The first skirmish of the fight was to come on the submission of a wet plank by James R. Nugent, of New Jersey, and a dry plank, by William J. Bryan. There was little prospect of balloting for a nominee before tonight.

Growing used to late starts the delegates and crowd were slower than ever in arriving for the fifth day's convention.

Mr. Bryan came to the convention hall prepared to present five planks to the platform. His dry plank was the same as the one he announced on his arrival here last week. In another plank he renewed his fight for a natural bulletin to be published by the federal government. He also had a plank for the prohibition of "unnecessary" of midday men and force the disclosure of buying and selling prices and creating within the state commissions similar to the federal trade commissions.

Another plank very briefly stated opposition to universal compulsory military training in time of peace. His treaty plank was the same as one he previously had announced.

Another minority report dealing with soldier relief was ready to be presented by Tom D. Lyons, of Oklahoma. It made no mention of a bonus but declared for a system of farm and home loans. Just what form the fight of the Irish sympathizers for the recognition of their plank would take had not been revealed. One of the planks under consideration in a back-stage conference of leaders was a suggestion that all debate on the platform be limited to three hours and that balloting for a presidential candidate should follow. There was some objection however and the consultation continued.

At 10:45 o'clock the long-awaited report on the platform committee was formally brought before the convention and read by Chairman Glass. The resolutions committee. It was the opening business of the big day's fight.

Bryan charged Robinson, Mr. Glass, and Mr. Bryan, appeared to get on the platform and there was scattered applause. Some cheers for Bryan followed from corners of the galleries and there were a lot of impatient demands that the convention get under way.

At 10:45 Senator Robinson pounded for order and the hall quieted down quickly. Amid more cheering Senator Robinson presented Senator Glass and the reading of the platform began. Galleries listened attentively and interrupted the opening references to President Wilson by loud applause.

At the point where the platform declared for a league of nations, Senator Glass put the emphasis on "cheers," resounded "Senator Glass began reading at the rate of 56 words a minute. The platform exceeds 6,000 words. Without interruption the reading could continue an hour and forty minutes.

## END NOMINATING SPEECHES

After sending the police through the aisles to clear, at the session yesterday afternoon, the Chairman got the delegates seated and Bishop Nichols of the Episcopal Diocese of San Francisco offered a prayer concluding by leading the convention in the recital of the Lord's prayer.

When the organ pealed off "The Star Spangled Banner" and the convention chorused in the strains of the majestic air.

At the close of the singing, Judge Murasky of San Francisco took a place at the speaker's stand and recited the battle hymn of the republic while the great organ softly throbbled the melody in accompaniment. The judge recited the first stanza.

Organ Sounds  
The judge recited the first stanza while the organ trembled to its melodious strains, and then coming to the chorus, turned his eyes to a far gallery where a clear-toned soprano sang out with the refrain, beginning softly at first and then joining in the peal of the organ as it burst out into the mighty thunder of "Glory, Glory Hallelujah." Then, the audience joined in the rolling chorus and the great auditorium was filled to the very roof with song.

At the conclusion of the singing the secretary of the convention continued the call of the roll of states for nominating speeches.

New Mexico, first on the call, simply seconded the nomination of William G. McAdoo. It was the signal for a demonstration which started in the galleries and spread to some delegations on the floor but did not last long. North Carolina sent W. C. Newland, of Lenoir, to the platform to place in nomination Senator Simmons for whom the North Carolina delegates are instructed.

Woman Speaks  
Mrs. Martha Nelson McCann of California made a seconding speech for Simmons merely saying:

"Ladies and Gentlemen of the convention: I rise to second the nomination of Senator Simmons of North Carolina."

North Dakota passed and Oregon announced that the delegation "joined the movement to draft the Honorable Wm. Gibbs McAdoo." The McAdoo boomers helped out by the band made that the signal for another brief demonstration.

Rhode Island passed, and then South Carolina, Tennessee and Texas and (Continued on Page Eight)

## PLATFORM IS WRITTEN AND FIGHT LOOMS

Lack of Plank on Prohibition and Favorable Irish Plank Arouse

BRYAN IS ON WARPATH

Refers to Great Variety of Subjects in Suite of Efforts to Make It Short

San Francisco, July 2.—The first day of the Democratic national convention was a day of struggle with clashing interests and opinions. The resolutions draft of the platform was laid before the Democratic national convention today for adoption. Further conflict in the arena of the convention itself was expected as delegates had several amendments to propose to have that plank revised to include a far demand for full recognition of the rights of the land.

Decisively defeated in his effort to force a bone-dry plank on the committee's structure, William J. Bryan announced a purpose of renewing his demand on the floor. He had also several amendments to so planks to present to the convention. He added, but he did not lose the purpose.

The committee plank was laid on prohibition enforcement with a long document of its to induce a brief statement of policy.

Having been balked from the side, a wide range of subjects was included in the platform plank, and a score or more of amendments were confined to a single plank and a reshaping of President Wilson's endorsement of the league of nations and condemnation of the League of Nations of having interfered with the way of world peace. The plank stood against "prohibitions" to cut to pieces the plank of the Versailles treaty and to be coupled with the plank of the Versailles treaty.

The plank was written by a prolonged committee which had a Democratic party plank. The plank was written by a prolonged committee which had a Democratic party plank.

War Declaration  
Accompanying this was a plank which the President had previously declared and the committee reaffirmed that America's policy as a league member.

## Great Commoner Finds Pleasant Thought in Inability to Tell What Convention is Going to Do

San Francisco, July 2.—"You can't measure this convention by its hotel corridor aspects," said William Jennings Bryan with his justly celebrated smile. "One of the pleasant things about a convention is that you never can tell what is going to happen."

## Love Talks McAdoo

A few floors higher up in the San Francisco hotel than Mr. Bryan, is Senator Owen of Oklahoma, the party chief candidate for the presidency. He thinks the whole H. C. of L. question, from production to consumption, is the biggest one to be faced by the next president, and he hopes to have the love.

## Palmer Backers Busy

Mitchell Palmer has headquarters right down on the street, like a store. There is no Quaker quietness about this Quaker's campaign. His supporters invade cafes and hotel lobbies with bands and campaign songs, a scenario with himself as the central figure will be thrown on the movie screens, and his picture is being distributed as a souvenir fan.

## SLEEPS ON AS FLAMES RAGE

Sioux Falls, S. D., July 2.—Roughly H. Baer, a resident of Mobridge, went to sleep at home. He awoke in a hospital some hours later. Baer's home caught fire about midnight. Firemen soon extinguished the flame. While they were inspecting the house to see what damage had been done, they found Baer unconscious from smoke and gas.

## SENATORIAL FIGHT IS CLOSE BUT RETURNS INDICATE LADD WINS; BURTNESS SAFE IN VALLEY DISTRICT

League Masses Socialist Vote Against William Langer Who Wins Majority of Republican Ballots in Wonderful Battle. Williams, Divide, Dunn, Mercer, Mountrail and Other Counties Having Big Socialist Registration Six Years Ago Defeat Anti-Townley Candidate for Governor

## BIG GAINS ARE NOTED IN LEGISLATURE

Governor Lynn J. Frazier has been nominated for governor in the Republican primaries, but his success has been won by the participation in Republican primaries of avowed socialists. His majority will be between 4,000 to 8,000 wholly dependent upon the returns from slightly over 300 rural precincts to be heard from.

Dr. E. F. Ladd probably has defeated United States Senator A. J. Gronna for the senatorial nomination. The available returns indicating that Dr. Ladd's total vote will be in excess of that cast for Frazier.

At 3 o'clock this afternoon, when 1,665 precincts had been reported, and 97,362 votes accounted for, Langer retained a lead of 658.

The missing precincts, all rural, most of them in counties that have been returning league majorities, are expected to wipe out Langer's small remaining majority, and establish a safe majority for Frazier.

The bulk of the 399 unreported precincts are in the northwestern section of the state, strongly Nonpartisan. They are likely to account for a total vote of about 12,000 on the basis of the average number of votes per precinct.

The vote in 1665 precincts follows: Langer, 49,060; Frazier, 48,802.

Ladd, with 997 precincts reported, Ladd having 25,370 and Gronna, 24,398.

The swing against Langer, who held a lead over Lynn J. Frazier all the way up to the time that nearly 100,000 votes had been reported, set in about mid afternoon on Thursday. At 1 o'clock Wednesday Langer's strength reached its crest, when he had a lead of 11,900.

At that time approximately 57,000 votes had been reported, then reports began coming in from the strong league districts in the northwestern part of the state, as did the rural precincts in counties that had gone for Langer. The Langer lead receded rapidly, and in the next 37,000 votes that were reported, Langer had dropped more than 8,000 of his earlier lead and he retained a margin of only 1,600 when about 94,000 votes had been reported at noon today.

MARS SOCIALIST STRENGTH  
In sections of the state where Townley could not mass his solid socialist strength, the Republicans found it easy sailing, Langer winning not in all instances by large but in each case by comfortable majorities.

Burtness of Grand Forks has defeated John Baer of Fargo, the league leader. The Red River valley farmers gave Townley the worst trimming he has ever had and reflected what could be done when the issue is clean cut as between Republicans and Socialists. In centers of the state where the vote is more radical, Townley won substantial majorities, but even here Langer cut his old time majorities of four and two years ago.

Four years ago Frazier defeated Steen by slightly under 17,000 votes, so that the turn over that has taken place upon present returns is quite apparent.

George M. Young claims his nomination by 1,000 and P. D. Norton is running ahead of Langer in the Third District with excellent prospects of winning the nomination.

On the balance of the ticket, it will be hard to predict or forecast. The Nonpartisan press at Fargo and Grand Forks claim a complete victory including chief justice of the supreme court and state superintendent of public instruction.

Nothing but an official tabulation by the county auditors which is in progress today can determine that. Upon the face of scattered returns Christianson, Hall, Kositzky and Neilson are giving their league opponents a merry chase, Miss Neilson's prospects are brightest of the four anti-Townley candidates mentioned. She has shown remarkable strength and the fact that the women vote was so heavy in the cities may pull her through to victory.

Arthur C. Townley has put Frazier over because the league was able to mass 10,000 socialist votes in his support. It was in counties where the socialists used to cast a heavy vote in their own primaries before they invaded the Republican primaries that Frazier maintained his old time strength. In counties of established Republican supremacy, Langer had an easy victory and if the socialist vote had not been able to invade the Republican primaries, the result would have been different.

In a close fight such as this proves to be, the concentration of the socialist vote upon Frazier has won the victory and the Republicans again have been powerless to prevent the capture of the Republican nomination by Frazier. It is very likely, however, that the Republicans may have a chance to control a very considerable number of the county republican organizations and it has a very good sporting chance of controlling the State Republican organization of which William Lemke is now chairman.

FRAZIER LOSES  
If the Republicans have watched their step carefully in the 31 counties that Langer has carried as against the 22 which Frazier has carried, the Republicans at least have the solace that while Townley has robbed them of the nomination, the Republicans have gained the state organization and can begin a serious effort to restore the party organization to its rightful control.

Two years ago Frazier carried 45 counties and received substantial support in Republican strongholds. This year the opposite is true. His big victories are in counties where the socialist vote has always been strong. When the socialists last participated in their own primaries they had approximately 7,000 or 8,000 votes. It is very reasonable to suppose that in the six years that have elapsed since the socialists have lost party entity in North Dakota that they now have a voting strength in this state of at least 10,000. This is a conservative estimate, because the league regime has attracted several thousand more socialists to North Dakota because they are heartily in sympathy with the league program.

Just how the socialist vote turned the trick this year is best evinced in the legislative and congressional fights. There Mr. Townley was unable to concentrate his socialist support. In

DIES AT WHEEL OF AUTOMOBILE

Newark, N. J., July 1.—Mrs. Kathryn Rand Beck, prominent member of the millionaire colony at Hutton Park, West Orange, died at the steering wheel of her automobile here today. She became faint and turned the car into the curb, stopping the motor. Then she leaned on the wheel and lost consciousness.

LOWDEN URGED TO RUN AGAIN FOR GOVERNOR

Springfield, Ill., July 1.—Announcement as to whether Gov. Lowden will seek the governorship again, whether he will try to enter the United States senate, or whatever other plans he has, may be made this week.

FALLS 4 MILES; ONLY BRUISED

Dayton, Ohio, July 1.—Sergeant Botttrille of McCook field, today made a parachute descent of what was said to be 19,500 feet, believed to be a new record. The plane, piloted by Sergeant Madan, climbed to an altitude marked by the indicator as 19,500 feet, it was stated. Botttrille climbed out on the fusilage to make his jump. The wind-caught his parachute and pulled him through the tail of the machine, tearing off the rudder. He bruised the muscles of his arm and strained the ligaments.

AVIATOR HELD BY MEXICANS

San Antonio, July 1.—Lieut. Stanley M. Ames of Walpole, Mass., squadron commander at Kelly field, is held by Mexican authorities at Matamoros. He was forced to alight when he ran out of gasoline, advices say.

TURTLE TURNS UP.  
Washington, Pa., July 1.—Sixteen years ago Jean Hutton carved his initials on the back of a turtle here and turned it loose. His young son caught the turtle and brought it home the other day.

#### ARBUCKLE HAS FINE ROLE IN NEW COMEDY

"The Garage," Latest Vehicle, is Packed With Laughs

After playing a variety of roles ranging from a member of the Salvation Army to actor, Fatty Arbuckle has again come forward, this time in the role of a fireman, in his latest Paramount-Arbuckle comedy, "The Garage," which comes to the Eltinge theatre tonight.

In this picture, one of the funniest yet produced, Fatty and Buster are employed in a garage, which incidentally, is also the town lock-up and fire house. Fatty is desperately in love with Molly, the daughter of the owner, Rube. He has, however, a rival in the person of the town dude. Rube

loves the dude, and forbids his daughter to have anything to do with the fat man. The girl protests and is locked in her room. And then happens a series of events that would take all the joy out of the picture if they were told here. Suffice to say, Fatty saves the girl from a fire and Rube consents to their marriage. "The Garage," is said to be one of the best Paramount-Arbuckle comedies to date, and young and old alike will be delighted with the foolish antics of the famous comedian.

See Jack Pickford in "The Double-Dyed Deceiver" at the Orpheum tonight.

FOR SALE—Ford touring car, all new three price \$300. Used car Mart, 611 Main St.

### AMERICAN ASSOCIATION—Takes Series

St. Paul, July 2.—St. Paul association took the series from Kansas City, winning 7 to 2. Pitcher Griner fanned Wright, Kansas City third-sacker, four times in a row.

Score: St. Paul, 7; Kansas City, 2. R. H. E. St. Paul, 100 000 101—5 3 1. Kansas City, 203 100 01—7 15 0. Batteries: Letter and Sweeney; Griner and Hargrave, McMenemy.

### Indians Again Shutout

Toledo, July 2.—Middletown held Indianapolis to three scattered hits and Toledo won its second successful shutout, 2 to 0.

Score: Indianapolis, 0; Toledo, 2. R. H. E. Indianapolis, 000 000 000—0 3 1. Toledo, 100 000 01—2 6 2. Batteries: Jones and Henline; Middletown and Murphy.

### Divide Doubleheader

Columbus, July 2.—Columbus broke even in a doubleheader.

Score—First Game: R. H. E. Columbus, 002 300 001—6 11 1. Louisville, 020 131 004—7 11 4. Batteries: Long, Tincup and Meyer; Danforth, Lyons, McQuillan and Hartley.

Score—Second Game: R. H. E. Louisville, 0 10 2 12—15 21 1. Columbus, 003 001 000—4 9 4. Batteries: Graham and Kocher; Mulrennan, Sherman and Kelly.

### Millers Pull Ahead

Minneapolis, July 2.—Coming from behind, Minneapolis defeated Milwaukee, 6 to 4.

Score: Milwaukee, 020 000 020—5 11 1. Minneapolis, 000 130 204—6 11 1. Batteries: Schulz, Reinhardt and Hulm; Schauer and Mayer.

### NATIONAL LEAGUE—Three Straight

New York, July 2.—Brooklyn made it three straight from New York, winning, 8 to 1.

Score: R. H. E. Brooklyn, 302 612 000—8 11 1. New York, 000 100 000—1 4 3. Batteries: McFarland and Miller; Benton, Winters, Barnes and Snyder.

### Cubs Beat Reds

Cincinnati, July 2.—Chicago won a fast and well-played pitchers' battle from Cincinnati, 1 to 0.

Score: R. H. E. Chicago, 100 000 000—1 5 1. Cincinnati, 000 000 000—0 7 0. Batteries: Alexander and O'Farrell; Laque, Eiler and Allen.

### Loss On New Field

St. Louis, July 2.—Playing the first game on their new home grounds, St. Louis was defeated, 6 to 2, in 10 innings by Pittsburgh yesterday.

Score: R. H. E. Pittsburgh, 001 100 000—4 6 14 0. St. Louis, 000 000 011—6 2 14 1. Batteries: Carlson, Adams and Schmidt; Schupp, Sherdel and Clemens.

### AMERICAN LEAGUE—No Hit Game

Boston, July 2.—Walter Johnson, of Washington, pitched the first no-hit, no-run game of his big league career of 14 years yesterday, defeating Boston 14 to 0. Homer of Harrison error in the seventh, was the only Boston player to reach first. Johnson fanned ten men.

Score: R. H. E. Washington, 009 000 100—1 7 1. Boston, 000 000 000—0 0 1. Batteries: Johnson and Klein; Harper and Walters.

### Yanks in Lead

Philadelphia, July 2.—By defeating Philadelphia yesterday, 9 to 3, New York assumed the American league lead with a percentage of .6617 to Cleveland's .6615.

Score: R. H. E. New York, 020 020 320—9 10 3. Philadelphia, 010 200 161—5 12 1. Batteries: Short and Hargrave; Moore, Keefe and Perkins.

### Chicago Files Pennant

Chicago, July 2.—Chicago and St.

Louis divided a doubleheader.

Score—First Game: R. H. E. St. Louis, 020 000 000 00—2 8 2. Chicago, 001 010 000 01—3 10 2. Batteries: Vangilder, Burwell and Severid; Cicotte and Schalk.

Score—Second Game: R. H. E. St. Louis, 400 000 000—4 8 0. Chicago, 000 000 100—1 6 9. Batteries: Bayne and Severid; Kerr, Wilkinson and Schalk.

### PLATFORM IS WRITTEN AND FIGHT LOOMS

(Continued from Page One) all cases that she was an independent state, was unwilling to profit by the misfortune of the people of Mexico or to ensue their future by imposing from the outside a rule on their temporary distressed condition.

Order was gradually reappearing there as a result, it added, and "at no time in many years have American lives and interests been so safe as they are now."

The new Mexican government should be recognized when it has proved its ability to maintain order and signified its willingness to meet international obligations and had given foreigners in Mexico "right as well as duties," the plank continued.

It served notice, however, that until that time "Mexico must realize the propriety of a policy that asserts the right of the United States to demand full protection for its citizens."

On one point throughout the platform committee apparently in full accord, it fully indicated the Republican Congress and the Republican party on many counts, including a warning of "well defined indications of an impending assault" upon "vital principles of the Federal Reserve system in the event of Republican victory in November."

The financial plank condemns the "pernicious attempts of the Republican party to create discontent of holders of the bonds of the government" and drag out public finance and our banking and currency system back into the arena of party politics.

Failure to enact tax revision measures "for fear political cowardice also was charged against the Republicans, Congress having made no move to revise before the next election."

Claims of Republican public economy were branded as "false economy," but the attacks on the Republicans reached its climax in a separate plank. This section, headed of "startling disclosure of the lavish use of money

# CRIMINAL LIBEL SUIT OF ALLEN GOES UP IN AIR

Jury Returns Verdict of Not  
Guilty Against Tribune Pub-  
lisher in District Court

## ONE SUIT IS DISMISSED

Article Which Formed the Basis  
of Charge Was Written More  
Than Year Ago

Edward Allen's criminal libel suits  
against George D. Mann, publisher of  
the Bismarck Tribune, evaporated in  
to thin air last evening when the  
jury in district court returned a ver-  
dict of not guilty. Special Attorney  
Judge Crum of Montana, but now  
of Oliver county, were not in the  
court room when the verdict was  
returned.

More than a year ago Mr. Allen  
arrested George Logan Price, manag-  
ing editor of the Tribune and Mr. Mann  
charging that they had maliciously  
libeled him, held him up to public  
ridicule, caused the public to shun  
him and shut him off from social  
intercourse through the publication of  
an article in the columns of the Tri-  
bune during the month of April, 1919.

This article was in reference to a  
letter which Mr. Allen had written to  
the city commission asking that a  
change be made in the office of  
police chief of the city and a  
named with whom Mr. Allen could  
cooperate. He complained of lack of  
cooperation with the present chief  
and expressed a desire to make Bis-  
marck one of the cleanest cities in  
the state, a sort of vestibule to heav-  
en as it were.

The portion of the article written  
by Mr. Price to which Mr. Allen ob-  
jected was a reference in the head-  
lines that all Allen wants is appoint-  
ment of Isham Hall as chief of police.  
The article, evidence showed, was  
written in a spirit of burlesque and  
banter. No evidence was introduced  
by Mr. Allen showing any malicious  
intent and the defense placed on  
several witnesses to show that Isham  
Hall's appointment had been request-  
ed.

Former Commissioner Kirk testified  
that one man had called and stat-  
ed for the appointment of Isham  
Hall. He also testified that Hall had  
come soon after this caller and re-  
lated the conversation. The defend-  
entive, declared that he had all the  
crooks spotted and left with Mr.  
Kirk a very vivid picture of his  
police attainments.

The Tribune placed several city  
commissioners on the stand to show  
that after Allen's letter asking that  
he be allowed to clean up Bismarck  
was read to the commissioners, that  
Hall's name was then mentioned as

# LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for  
a few cents—Try It!

Squeeze the juice of two lemons  
into a bottle containing three ounces  
of orchard white, shake well, and you  
have a quart of the best, freckle  
and tan lotion, and complexion  
beautifier, at very, very small  
cost.

Your grocer has the lemons and  
any drug store or toilet counter will  
supply three ounces of orchard white  
for a few cents. Massage this sweet-  
ly fragrant lotion into the face, neck,  
and arms, and hands each day and  
see how freckles and blemishes dis-  
appear and how clear, soft and rosy-  
white the skin becomes. Yes! It  
is harmless and never irritates.

a tentative possibility for chief of  
police. This fact and also other evi-  
dence of Hall's ambition for Form  
on the police force formed the basis  
of the Tribune's story.

No Personal Vengeance  
Both Mr. Price and Mr. Mann's  
testimony showed that there was no  
personal vengeance involved in the pub-  
lication of the story, but it was han-  
dled as all other news stories. Allen  
charged that they had maliciously  
libeled him, held him up to public  
ridicule, caused the public to shun  
him and shut him off from social  
intercourse through the publication of  
an article in the columns of the Tri-  
bune during the month of April, 1919.

The case consumed two days and  
was given to the jury about 4:30 P.  
M. Thursday. Following supper, the  
jury cast a unanimous ballot. This  
jury was brought by Mr. Allen in a  
dual position, as states attorney and  
chief complaining witness. The coun-  
ty probably will pay the expenses  
of Mr. Allen's drive against the edi-  
tors of the Tribune.

A Dual Process  
Of course this being a dual pro-  
cess criminal action the usual proce-  
dure may be reversed and the expenses  
met by Mr. Allen personally. The  
Tribune has no information as to  
what Mr. Allen's attitude will be on  
this issue. Until the Tribune can  
honestly tell its readers how the ex-  
penses are to be assessed, it suspends  
judgment.

Other criminal libel action  
brought by Mr. Allen against Mr.  
Mann was dismissed by Judge Nies-  
le. In this story the Tribune stated  
that at Mr. Allen's behest a certain  
number of soldiers ballots had been  
"ruthlessly thrown out." Mr. Allen ob-  
jected to the statements "ruthlessly  
thrown out." He arrested Mr. Mann  
on this statement too and instituted  
criminal libel action in behalf of Ed  
Allen and the State of North Dakota.  
The judge held that the statements  
did not constitute criminal libel un-  
der the statutes.

Chris Martineau, chief of police,  
who was attacked by Mr. Allen, in  
the letter which was the chief issue  
in this case was interviewed this  
morning by the Tribune. He said,  
"I am pleased at the verdict," he  
said, "I feel like a regular lily white  
chief of police."

# PANAMA BEGINS ROAD BUILDING ON BIG SCALE

Washington, July 2.—Panama is in-  
augurating a road-building program  
which will involve an expenditure of  
\$7,500,000, according to a cablegram  
from the president of the republic to  
J. E. Lefevre, charge d'affaires of the  
Panama legation here.

Senior Lefevre was instructed in the  
dispatch from the government to get  
into touch with three of the largest  
construction concerns in this country,  
the American International Corpora-  
tion, George W. Goethals, Inc., and  
Parsons, Klapp, Brinckerhoff & Doug-  
lass, all of New York city, and invite  
them to send representatives to Pan-  
ama to discuss plans for the road-  
building program.

It will involve a minimum annual  
expenditure of \$1,000,000, and the  
sum of \$1,250,000 will be available to  
begin the work at once. Four of five  
years will be required to complete the  
work.

American companies which may de-  
sire to enter the Panama market are  
asked to send men to Panama prepared  
to submit comprehensive plans for  
surveys, specifications, construction  
and financing of the project. Senior  
Lefevre will go to New York the early  
part of this week to confer with the  
various companies there interest-  
ed in the project.

# MOTHER!

"California Syrup of Figs"  
Child's Best Laxative

Accept "California" Syrup of Figs  
only—look for the name California on  
the package, then you are sure your  
child is having the best and most  
harmless physic for the little stomach,  
liver and bowels. Children love its  
fruity taste. Full directions on each  
bottle. You must say "California."

# 325,000 FIRMS WILL PAY TAX TO UNCLE SAM

Bureau of Internal Revenue Ex-  
pects to Realize Huge Sum  
from Income Tax

## SOME CLAIM EXEMPTION

Washington, July 2.—It is estimated  
by the Bureau of Internal Revenue  
that 325,000 domestic and foreign cor-  
porations "carrying on or doing busi-  
ness in the United States" will file  
returns on or before July 31 for the  
capital stock tax. Forms for filing  
returns have been printed and an-  
nouncement was made last night that  
they are available at the offices of  
collectors of internal revenue. Domest-  
ic corporations will ask for Form  
707 and foreign corporation for Form  
708.

The tax on domestic corporations is  
\$1 for each \$1,000 of so much of the  
fair average value of its capital stock  
for the preceding year ending June  
30 as is in excess of \$5,000. Foreign  
corporations are required to pay a tax  
at the rate of \$1 for each \$1,000 of  
their capital employed in the United  
States without the benefit of the \$5-  
000 deduction. The tax is payable in  
advance, the returns filed in July of  
this year covering the taxable year  
beginning July 1, 1920, and ending  
June 30, 1921.

Returns are required of every do-  
mestic corporation regardless of the  
par value of its capital stock and of  
every foreign corporation irrespective  
of the amount of capital employed in  
this country in the transaction of its  
business.

Certain business enterprises not or-  
ganized for profit and purely personal  
service corporations are exempt from  
the capital stock tax. The class of  
organization entitled to exemption is  
described in Regulations 60, Revised,  
just issued by the bureau of internal  
revenue, copies of which may be had  
on application to collectors.

Corporations claiming exemption  
are required to file returns setting  
forth fully their reasons for seeking  
claim, accompanied by evidence in  
support thereof. In such cases the  
notation "exemption claimed" should  
be made on the face of the returns. If,  
on account of illness or absence of  
a partner or officer, the corporation  
charged with making the return, it is im-  
possible to prepare and file a return  
on or before July 31, the collector,  
upon application in writing may allow  
an extension not exceeding thirty  
days. No further extension can be  
granted by the collector or commis-  
sioner of internal revenue.

## Lack of Data

If because of lack of complete data  
or other reasons than illness or ab-  
sence it is impossible to file a com-  
plete return on or before July 31, a  
tentative return may be filed, thus  
avoiding penalty. Such a return  
should be marked "tentative return"  
and should be prepared in as complete  
a manner as possible, giving a basis  
for tentative assessment. When the  
completed return is filed it should be  
marked "completed return," showing  
that a tentative return was filed.

The penalty for failure to file a re-  
turn within the time prescribed is an  
added assessment of 25 per cent of  
the amount due, unless it is shown  
that the failure was due to reason-  
able cause and not to neglect.

In addition to the added assess-  
ment, a fine of not more than \$100 is  
provided for failure to make a return  
on time. For willful refusal to make  
a return, willful evasion of the tax,  
willful refusal to supply information  
requested by the commissioner, or at-  
tempting in any way to evade the tax  
and pay when due, the penalty is a  
fine of not more than \$10,000 or im-  
prisonment for not more than one  
year, or both.

# WOMAN OWNED ONE MILLION IN OIL STOCKS

White Plains, N. Y., July 2.—It  
developed today that an inventory of  
the estate of the late Mrs. Frances L.  
Bemis of Larchmont on the Sound,  
widow of one of the Standard Oil di-  
rectors showed that she owned more  
than \$1,000,000 worth of Standard Oil  
securities and \$3,800 worth of Liberty  
Loan bonds of the third, fourth and  
Victory issues. Mrs. Bemis also left  
more than \$200,000 worth of diamonds,  
pearls and other jewelry.

Mrs. Bemis held 381 shares of the  
Standard Oil Company of Indiana val-  
ued at \$200,000, and 601 shares of  
the Standard Oil Company of New  
Jersey valued at \$406,916. She also  
had stocks of the Standard Oil Com-  
pany of California, Illinois Pipe Line  
Company, Prairie Oil and Gas Com-  
pany.

The most valuable piece of jewelry  
left by Mrs. Bemis was a pearl neck-  
lace with a diamond clasp worth more  
than \$175,000.

# WON'T CENSORY MAY'S PASTOR

Buffalo, N. Y., July 2.—The thir-  
teenth Northern Baptist convention  
closed yesterday. By a vote of 69 to  
422, the delegates refused to censure  
Rev. J. W. Brougher of Los Ange-  
les for marrying Douglas Fairbanks  
and Mary Pickford by dropping him  
as a member of the executive commit-  
tee, but adopted a resolution urging  
more uniform divorce law to do away  
with "the scandal of easy divorce  
states."

## BOOZE DISAPPEARS! WATER IN ITS PLACE

Seattle, July 2.—Lost a quart of  
drinking liquor. This quart has the  
wanderlust. It was first found by a  
street car conductor where it had  
been left by a passenger. It is not  
explained why the conductor turned it  
into the street, railway lost and it  
found department, but he did. It was  
there when the storage vaults  
were locked at night. But in the  
morning the hooch had flown and  
only clear water remained in the bot-  
tle.

Four-fifths of the timber in the  
United States is privately owned.

# LITTLE WRINKLED DOG, MASCOT OF TWENTY-THIRD INFANTRY, IS BURIED WITH "MILITARY HONORS"

Survives Shell Danger in France  
But Auto Gets Lady in New  
York—Buried With Wound  
and Service Stripes on Her in  
Soldiers' Coffin

New York, July 2.—To anybody  
who didn't know her, Lady was noth-  
ing but a little wrinkle nosed dog of  
uncertain ancestry and doubtful value  
to the world, but to the doughboys  
of the Twenty-third Infantry, A. E. F.,  
Lady was just about the last word  
in canine perfection. She was a war  
dog and a seasoned campaigner, and  
when she stepped proudly forth clad  
in her fighting blanket and equipped  
for the hike she sported a wound  
stripe and two gold chevrons on her  
left side, which told of a year in the  
battle areas of France.

Lady was the Twenty-third's mas-  
cot in most of the hard fighting that  
outfit had, and when the soldiers of  
the regiment crouched with the other  
doughboys of the Second Division in  
the funk holes along the Marne and  
before Soissons and when they wait-  
ed in the mud and muck of the Ar-  
gonne it was Lady who cheered them  
more than anyone else. The little dog  
was everywhere, crawling from mud-  
hole to mudhole to lick the nose of a  
favorite veteran and to snuggle  
against and flick with her wagging  
tail the shoulder of a boy shrinking in  
mortal terror from the big Berthas  
and the whizzbangs that crashed over  
his head, and from the "flying pigs"  
and "ash cans" that came over in  
droves. Only a soldier can appre-  
ciate what Lady meant to the dough-  
boys then.

Bugler Gave Her a Home.  
They felt that the little dog was a  
soldier, one of themselves, and when  
the war was over and he Twenty-third  
came home, Lady came along too, the  
property of the headquarters bugler,  
Robert G. Fish at 865 Whitlock ave-  
nue, the Bronx, who had faithfully  
promised to give the dog a home so  
long as she lived and to spread far  
and wide the fame of her military ex-  
ploits.

Fish and Lady have been insepar-  
able; the only place that she did not  
go with him was to work. She tried

to go many times, but Fish always  
drove her back into the house. She  
tried again yesterday, and Fish didn't  
notice her until he had gone a block  
too. He halted and motioned the  
dog to go back home. She obeyed re-  
luctantly. She started back, but her  
eye was on the man with whom she  
had crouched in shell holes in France  
and she didn't see the automobile  
that came swiftly down the street.

It was too late for anybody to do  
anything after Lady stepped off the  
curb. The driver couldn't stop the  
automobile and Fish couldn't reach  
the dog in time, and so the machine  
ran over Lady and killed her.

Burial of Lady.  
Fish stood there a long time look-  
ing at the body of his dog, and then  
came Henry Turk and Irving Speil-  
mann. They had been in the infan-  
try also; they knew something of  
Lady's value to a soldier. Turk  
stayed to watch the body. Fish went  
home to get his bugle, and Speilmann  
went to a nearby store and borrowed  
a spade and brought a wooden box.  
Then the three men went into a  
nearby field and dug a grave, the sort  
of grave in which they had buried  
many of their comrades in France.  
They wrapped Lady in her blanket, a  
bright red cloth, with her wound  
and service stripes sewed on it, and they  
put her to rest with military honors.

## WILL TEACH MOTHERS CARE OF KIDNAPERS

Washington, July 2.—As part of its  
program in the interests of Uncle  
Sam's children, the children's bureau  
of the department of labor has dis-  
patched the "Child Welfare Special"  
on a tour of the country districts. A  
staff of baby experts accompanies the  
motor caravan to teach country moth-  
ers how to care for their kiddies.

Ireland's potato famine in the '40's  
caused the migration of nearly half  
its population to the United States.

# Ladies! Keep Fit This Hot Weather

Stomach is quick to upset—Dr.  
Caldwell's Syrup of Peppermint will bring  
prompt relief and comfort

THE depressing heat makes  
many women careless of their  
health. The housework becomes  
extra tiresome and the hot kitchen adds  
to their discomfort. They eat cold foods  
and iced drinks with the result that the  
stomach is soon upset, and constipation  
follows indigestion.

It is well to know that there is a rem-  
edy that brings quick relief. It is called  
Dr. Caldwell's Syrup of Peppermint, and you  
can find it in any drug store. It is a  
combination of simple, laxative herbs with  
peppermint that acts on the digestive organs  
and soon rids the bowels of its accumu-  
lation. Take a spoonful of Syrup of Peppermint  
at night and the congestion, headache  
and feverishness will be gone in the  
morning. You will then stand the heat  
with comfort.

There are thousands of women in this  
country who do not use anything else in  
these emergencies but Dr. Caldwell's  
Syrup of Peppermint. Miss Bart of 1045 W-  
alkins St., Grand Rapids, Mich., writes  
entirely on Syrup of Peppermint, and she per-  
sonally knows many others who do. The  
medicines she formerly took for consti-  
pation made her sick to the stomach. But  
Syrup of Peppermint mended her again and  
without giving her the usual  
pleasure in using it.

Dr. Caldwell's Syrup of Peppermint can be  
given to infants with out result. It is  
a truly wonderful household medicine,  
and a bottle should be in every home.

Millions of people of all ages suffer from occasional or  
chronic constipation. Let them send name and address  
to Dr. W. B. Caldwell, 512 Washington St., Mont-  
real, Ill., for a free sample bottle of his wonderful Syrup of Peppermint.  
8 million bottles were bought at drug stores last year, the largest sale in the world.

children who come without their par-  
ents. Last year these unaccompanied  
children caused confusion during the  
exercise.

## LUTHER SONG FESTIVAL TO BE HELD HERE

Expect Song Festival and Con-  
vention to Attract Delegates  
from Many Places

Every effort is being put forth to  
make a grand success of the annual  
convention and song festival to be  
held in Bismarck on Sunday and Mon-  
day, July 4 and 5. Word has been  
received from numerous places in the  
district that young people's organiza-  
tions are sending large delegations  
and church choirs from many places  
will be present in full. The follow-  
ing is an outline of the program:

Sunday 10:30 a. m. Divine services  
with sermon by the Rev. N. M. Vi-  
visaker of Minneapolis and anthem  
by a visiting choir.

2:00 p. m. general session of the  
convention. Address by Rev. Ernest  
Armbruster of Dickinson, N. D.; E.  
Hon. S. A. Olsness, Bismarck, and  
others.

4:00 p. m. General rehearsal by  
joint chorus.

8:00 p. m. Lecture by the Rev. N.  
M. Ylvisaker, short talks by visiting  
pastors and others. The program  
interspersed with choir songs and so-  
los, both instrumental and vocal.

Monday 9:30 a. m. Business ses-  
sion of the convention, election of  
officers, etc. Possibly a general re-  
hearsal before noon adjournment  
to 2:00 p. m. Patriotic celebration at  
the national holiday, with Hon. Thor-  
sten Hyland of Mandan as the chief  
speaker. It is planned to hold this  
on the Capitol grounds.

8:15 p. m. Grand concert, by joint  
choirs of the church choirs from  
within the district. Besides the  
chorus number will be rendered  
splendid solos and duets. Miss Kind-  
ly of Dickinson, Miss Maher, Dick-  
inson; Miss Berglin Caspary, of Bi-  
smarck; Rev. Armbruster, of Dickin-  
son, are on the program for vocal  
solos. Enoch Nordahl, a well known  
violinist of Hatfield, is also one of  
the promised numbers.

All sessions of the convention will  
be held at the Trinity Lutheran  
church, corner 7th street and Ave-  
nue C, except the concert which will  
no doubt be held in the city audi-  
torium.

## MISS STREIB IS BRIDE OF FARGO RESIDENT HERE

Leave for Extended Honeymoon  
and Will Make Future  
Home in Fargo

Mr. Harvey T. Thielke, a member  
of the Fairfield Thielke Co. of Fargo  
and Miss Anna Streib, daughter of  
Mr. and Mrs. William Streib of New  
Salem, were married Wednesday by  
Rev. H. C. Froelich of the First  
Presbyterian church of Bismarck.

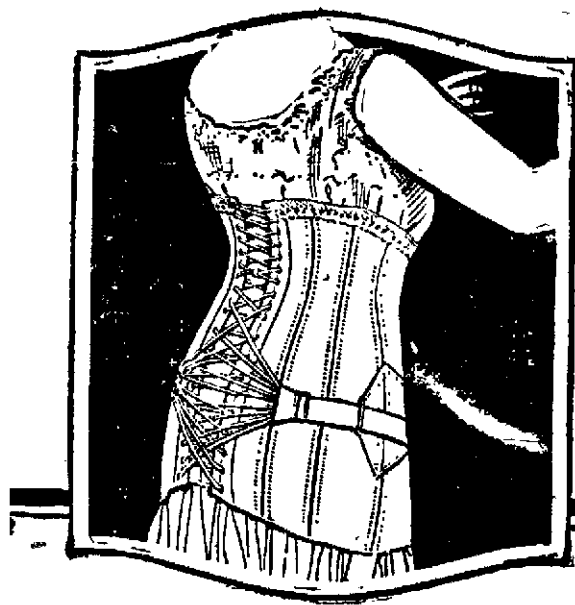

Mr. Thielke is a native of Superior,  
Wisconsin, being the son of Mr. and  
Mrs. Chas. E. Thielke of that city.  
He had previously been connected  
with the Capital Security Bank of  
Bismarck. Miss Streib was formerly  
with a local dental firm.

After the marriage the couple left  
for a visit with the groom's parent-  
in-law in Superior, Wisconsin, after which  
they will make an extended lake trip  
touching Fort Arthur and other points  
included in their honeymoon. An  
outing at Lake of the Woods and  
Winnipeg. About the first of Sep-  
tember they will return to Fargo  
where they will permanently reside.

Accompanying the bridal party as  
attendants and witnesses were, Miss  
Berghol Caspary, R. Sherman Wright,  
Miss Dorothy H. Blunt and James K.  
Blunt, all of Bismarck.

See Jack Pickford in "The Double  
Dyed Deceit" at the Orpheum to-  
night.

# WEBB BROTHERS

YOU dance with  
greater ease,  
and never grow tired,  
when you wear a  
CAMCO!

**CAMCO**  
Reducing and Supporting  
CORSET

The CAMCO Cor-  
set furnishes perfect  
support without constriction. Before  
you dress for the evening, all you  
need do is gently pull the adjust-  
ing straps—Presto! It fits just as  
you wish it to fit. The CAMCO  
never slips up.

The correct lines of the CAMCO

provide youth of  
form to every wearer.

To dance serenely,  
gracefully, without  
sense of fatigue,  
you need the rhyth-  
mic support of a

CAMCO Corset, that lends itself  
to every move, and always sup-  
ports no matter what the position of  
the body.

Call at our store and fully investi-  
gate this corset and see what it will  
do for you. Folder free.

SPECIAL DEMONSTRATION  
By Miss Hazel Stephen Direct from Camco Factory  
SATURDAY, JULY 3

To Miles City.  
Mrs. George E. Munter and three  
children, Gracella, Jack and Bud,  
left yesterday for Miles City, Mont.,  
to spend two weeks at the home of  
Mrs. Munter's mother, Mrs. Pauline  
Sellman.

Return From Visit  
Mrs. A. W. Lucas and Mrs. Max-Kup-  
fer were expected to return home this  
afternoon from a two weeks' visit with  
Mrs. A. D. Anderson, of Woodworth.

The Independence Dance July 5th  
at Schuler Farm. Old time dances.

"The Dare Devil"  
Tom Mix has produced  
a real, big, thrilling  
special  
Eltinge Monday

in the afternoon. Regular dances at  
night. Three miles east and two miles  
north of Bismarck. 7-1-21

STORY OF OIL FIELDS  
"The Turn of a Card," the new W.  
W. Hodgkinson release, starring J.  
Warren Kerrigan, is the work of Fred-

erie Chaplin and was arranged for the  
screen by Thomas J. Geraghty. It  
is a romantic story of the oil fields  
and offers the star a role that brings  
out every phase of his remarkable  
talents. "The Turn of a Card" will be  
presented at the Bismarck theatre  
tonight.

THE STATE'S OLDEST NEWSPAPER  
(Established 1873)

## NEW TASTES NEEDED

The Canadian government has leased the southern half of Baffin Island to the explorer, Stefansson.

He proposes to use it to breed reindeer and musk-ox for food.

A few days ago dispatches announced the shipment of a large number of slaughtered reindeer from Alaska.

Some time ago announcement was made of an enterprise to can whale meat and market it.

Tuna fish was a rarity a few years ago. Now it is a common article of diet, and is to be had in groceries throughout the United States.

Perhaps whale meat, reindeer steaks, musk-ox and other game will become common eventually, and obtainable in any market.

When this country was younger, game formed an important article of diet. But if all the wild game left in the country were killed and marketed in a single season, there wouldn't be enough to go around. This indicated the tremendous amount of food it takes to feed the present population of the United States.

Crops are short this season, and promises of supplies of meat from new sources take on a new interest.

Musk-ox meat might be welcomed. Also reindeer venison and whale meat. If it didn't seem so good as beef, one might yet cultivate a taste for it. All that most of us can say now to the question, "Do you like it?" is "I don't know. I ain't had any yet!"

The significant thing is that the French occupation is keeping many Frenchmen from their regular occupations.

## HUMAN SKYSCRAPERS

John Van Albert, who is eight feet, five inches tall, arrived in this country recently from Holland.

His height is one inch less than the recorded height of Maximinus, a Roman emperor from 236 to 238.

History records a long list of giants, some of them shorter than the one who now claims notice. Eight feet, two inches, was the height of the famous Chinese giant, Chang, who was exhibited in London in 1865.

Giants don't appeal to popular imagination as once they did. But height in men is admired. Curiosity, it is not inherited. The quality which is inherited is shortness. Those who fail to inherit it grow tall.

Similarly, blue eyes is the negative quantity of those who do not inherit the positive trait of dark eyes. Those who do not inherit curly hair have hair which is straight. Slender persons are those who fail to inherit the positive quality which makes others stout.

Tall parents have only tall children. But short parents do not always transmit the quality of shortness to all their children, if some of the grandparents were tall. At least this is the conclusion of the famous American biologist, Charles Benedict Davenport.

Lumber is going higher and money getting cheaper. No matter. Silver dollars will make fine building material.

## NO MORE WOMEN

Science is on the track of lengthening human life, reports Dr. Eugene Lynah Fisk, in the July issue of the Yale Review. When human beings are able to live two thousand years, he asks, will women still be an enigma? His answer is that nature might then have no further biological use for woman.

This means, according to Dr. Fisk, woman would be selected for a painless death, or would be deported to some other part of the universe "to bewilder and charm," or possibly science would discover how to obliterate sex differentiation outright. Dr. Fisk allows no expectation that the age of longevity might produce a manless world instead of a womanless. There is no cumulative evidence tending to establish this probability, he says.

Dr. Fisk is too logical. Logis has never abolished the illogical when the illogical is feminine. As for discovering perpetual youth and then abolishing woman! Ladies, be calm. It couldn't be done.

Man wouldn't remain civilized without woman. Man's use for woman is not biological. Nature's may be; but man has improved on nature.

Woman is a necessity to man because of her gentility, her instinctive culture, her companionship, her charm, her intuitive guidance, her so-

lace in trouble, her loyalty, her inspiration, her affection, her ability to pierce the outer veil and see into the souls of those she loves. Finally, man demands woman just because she is woman. If nature tries to obliterate woman, nature will have an awful fight on her hands!

## PARTNERS

The slacker of war times was despised. Is he any more praiseworthy in time of peace? Suppose the garment-maker says "Clothes are dear and scarce. Good thing. Makes my job safe, why work hard?"

And the food man says, "why grow two fields of potatoes instead of one? Why lower my own price? Take it easy. Play safe."

And the housing man says, "The boss is making plenty. He doesn't pay for my loafing anyhow. And I'm keeping my brother worker on the job. So I go slow."

Sounds not so bad, eh?

Even a sort of altruism about it.

But wait.

If everybody slacks fifty per cent, doesn't that make everything twice as scarce, other things being equal?

And twice as dear?

Does it even stop at being twice or thrice as dear, when the world bids against itself, in a time of restricted supply?

Then comes the chance of the profiteer.

There's just one way to beat the profiteer.

In Russia they tried to limit the profiteer by law.

Letter-made law.

Law which aimed to deny private ownership.

Result?

Potatoes sell in the Moscow market at 300 roubles the pound, eggs at 120 roubles each. So says Duckworth, who has just been there.

Letter-made law won't work.

Not against the law of supply and demand.

Unless you help to increase the supply, you are partner of the profiteer.

It isn't modesty that keeps a man from mentioning a woman's undergarments. He can't pronounce the French words.

## EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinions of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

## THE STATE OF MIND OVER HARDING

Democratic opponents of Warren G. Harding, republican nominee for president, pretend that they fear he will not take a clean cut, unmistakable stand on national questions. But that isn't what they are afraid of. They pretend to be concerned lest he might avoid the League of Nations issue. But they know better. They pretend to be disturbed over the possibility that he might not conduct the affairs of the government in the best interests of the public. But there isn't a glimmer of any such thought in their heads.

All the democratic critics from managers, organs and messengers to the sublime party master secluded and solitary in his isolated grandeur realize only too well for their political peace of mind that Warren G. Harding knows exactly what he thinks and where he stands on the League of Nations and that if any American voter is left in doubt as to exactly what he thinks and where he stands it will be because he is a voter that can't read, can't hear and can't think.

They realize only too well to suit their ragged political nerves that Warren G. Harding knows the way to get this government out of its financial stress is to stop administrative squander, and he is going to show the American people how to stop it.

They realize only too well to give them any comfort about their political jobs that Warren G. Harding knows it is our heritage of unscientific, unsound and vicious democratic taxes which are making the public's post-war burdens heavier than there is any need of, and he is going to tell the American people the truth about them.

They realize only too well to let them entertain a ray of political hope that Warren G. Harding, by years of experience, achievement and success, has proved the value of sound, straight, horse sense-business management in the private affairs of himself and of those associated with him in business, and he is going to prove to the American people that he can put the same brand of business management into their national affairs.

The democratic chorus is not shouting about the things they fear Warren G. Harding might or might not do as president because they think anything of the kind. They don't think so. They don't think a bit of it is true. They know it isn't. They are trying to read something into the yet unwritten book of the future because on the splendid pages of his past they cannot find a single word that is not as open as the day. They cannot find a single act that is not clean and shining. They cannot find a single promise that is not sound and true and practical.

The democratic clamor which is trying to tell others how disappointed they might be with Warren G. Harding in the years to come despite his solid record of the years that are past is a babble of nonsense, insincerity and hypocrisy, because as a private individual, as a business man, as an officer of the state of Ohio and as a member of the United States senate—in all his life, public and private, from the beginning up to right now, they cannot find a flaw.—New York Sun and Herald.

## HAS WILSON ANY SHOW? WE'LL SAY HE HAS.

## DEMOCRATIC PLATFORM DRAFT GOES INTO MANY QUESTIONS

San Francisco, July 2.—The Democratic platform drafted by the subcommittee of nine and submitted to the full committee declared for ratification of the peace treaty as a requisite to preserve the honor and integrity of the nation; suggests that the Irish question can be brought immediately before the League of Nations, for settlement, and is silent on the subject of prohibition.

It advocates collective bargaining for farmers; opposes compulsory arbitration of labor disputes; declares for recognition of the New Mexican government when it has established order, and calls on the legislatures of Tennessee, Florida and North Carolina to ratify the suffrage amendment.

In many respects the platform follows that adopted by the Virginia Democrats and publicly approved by President Wilson. The League of Nations plank in particular was taken virtually as a whole from the Virginia platform, though in other respects there have been modifications and many new subjects have been added.

A summary of the subcommittee's draft follows:

**Preamble:** Sends greeting to President Wilson, commending his achievements in the interest of the country and of the whole world. Condemns in general terms the republican congress.

**League Plank:** Repeats the Virginia plank with little variation, condemning the action of the senate Republicans in adopting reservations and the separate peace resolution and advocating ratification of the peace treaty and such membership in the League of Nations as would in no wise impair national integrity or independence.

**Conduct of the war:** Praises the administration's conduct of the war, commending the patriotic efforts of American citizens to aid the government and praises the military and naval forces with mention of General Pershing by name.

**Finance:** Again incorporates the language of the Virginia Democrats in extolling the federal reserve system and the financing of the war and in condemning the Republicans for extravagance.

**Taxation:** Criticizes the Republican campaign for failing to revise wartime tax subjects and demands a survey of tax conditions by the coming congress. Denies Republican claims of economy, declaring that no money was saved except at the expense of the efficiency of government bureaus.

**High Cost Plank:** Blames diminished production for high prices and declares the Republicans are responsible in that they delayed peace and failed to provide President Wilson necessary legislation.

**War investigations:** Condemns the Republicans for their use of appropriations in investigating the conduct of the war.

**Enactment and enforcement of such legislation as may be required to bring profiteers before the bar of criminal justice.**

**Tariff:** Reaffirms Democratic tariff doctrines and declares for a research on the subject by a nonpartisan commission.

**Budget:** Defends President Wilson's veto of the budget bill and advocates a budget system partially under direction of the secretary of the treasury with consolidated auditing.

**Physicians:** Had given my sister up to die; they wanted to operate for nothing, but she was too weak and could only talk in whispers. I got her bottle of May's Wonderful Remedy, and in 3 weeks she was able to get about and walked a mile to church. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

**Postal service:** Commends Democratic administration of the postal service and makes a blanket declaration for higher salaries for postal employees. Advocates greater use of motor vehicles in transportation of mail and extension of the parcel post.

**Free Speech:** Declares for free speech and a free press except in so far as it may attack the life of the nation.

**Agriculture:** Praises the Democratic record in establishing farm loan banks and other farm legislation. Indorses collective bargaining and researches into production costs.

**Labor:** Follows the Virginia plank in declaring strikes and lockouts should not jeopardize the paramount public interests but adds a statement of opposition to compulsory arbitration. Favors readjustment of salaries of government employees.

**Suffrage:** Congratulates legislatures that have ratified the suffrage amendment and urges Democratic governors and legislatures of Tennessee, North Carolina and Florida to complete ratification in time for women to vote this fall.

**Women in industry:** Declaring against child labor. Favors legislation for child welfare and maternity care. Advocates increases in teachers' salaries. Urges extension of vocational education.

**Endorses separate citizenship for married women.**

**Soldier compensation:** Advocates generosity to disabled soldiers but declares against excessive bond issues to pay compensation which would put partisan on pecuniary basis.

**Railroads:** Commends federal administration of railroads during the war, declaring it was efficient and economical despite inadequate worn equipment. Criticizes the recently enacted transportation act and says congress temporized until so late a date, that the President was forced to sign the bill or else throw the railroad situation into chaos.

**Highway:** Favors continuance of federal aid in road building.

**Inland waterways:** Calls Republican plank inadequate and advocates further development of adequate transportation on rivers and further improvement of inland waterways; recognizes the importance of connecting the Great Lakes with the Mississippi as well as with the St. Lawrence.

**Foreign Trade:** Favors extension of foreign trade.

**Merchant marine:** Pledges the party to a policy of continued improvement of the merchant marine under proper legislation.

**Reclamation:** Advocates extension of arid land reclamation with a view to home building.

**Mexico:** Deplores the misfortunes of the Mexican people and upholds President Wilson's Mexican policy, declaring that as a consequence of the recognition of new Mexican government when it has proved its ability to maintain order.

**Ireland:** Reiterates President Wilson's principle of self determination, expresses sympathy with the aspirations of the Irish people, and declares that when the United States becomes a member of the League of Nations it can legitimately bring the Irish problem before the bar of the league.

**On Armenia:** Declares it the duty of the American government to aid in the establishment of order and complete independence for Armenia.

**Alaska:** Commends the Democratic administration for railroad construction and coal and oil development. Advocates modification of coal law to facilitate development and also extension of the farm loan act to Alaska.

**Philippines:** Declares for Philippine independence without unnecessary delay when the islands are ready for self government.

**Hawaii:** Advocates a liberal policy toward Hawaii with greater development of the rights and privileges of the middle classes.

**Corrupt practices:** Deplores the preoccupation expenditures of Republican presidential candidates and

advocates regulation of such expenditures by federal law.

**Federal Trade commission:** Praises the administration of the commission and advocates amplification of its work.

**Livestock markets:** Favors legislation for supervision of livestock markets by the federal government.

## PEOPLE'S FORUM

Editor The Tribune:

We nurses were much interested in the little article which appeared in the Tribune last night, regarding the "Lack of Nurses serious thing for the Nation." It is true in these days, we hear much about the shortage of nurses, but there is, in fact, no real shortage, but an increased demand for nurses.

During the war many young women felt it their patriotic duty to enter schools for nurses, but many withdrew their application when the armistice was signed, seemingly thinking their services were no longer needed. It is true, the war is over, but its wounds are not all healed, and our wounded soldiers are found in many hospitals throughout the country, who will need nursing care for some time to come.

Our government is still calling for thousands of nurses to help carry out its public health program, and, therefore, more young women are needed to enter the schools for nurses. The United States public health program, in my estimation, not only the grandest, but also, of the greatest importance to our nation, and, it seems to me, outside of teaching school, young women should feel it their patriotic duty and privilege to enter the field of nursing and help carry out this great public health program.

**Our Hospitals and Training Schools for Nurses in North Dakota:**

Our training schools for nurses in our own state are all preparing for large classes of probationers, beginning September 1. Our registered schools are prepared to give young women a good training. And our North Dakota nurses have proven during the war that they are equal to any task. It is, therefore, not necessary for young women to go outside of the state to get their training. We feel, in fact, they should feel it their duty to stay in their home state and help build up the hospitals and public health, where their parents, grand-parents, their brothers and sisters have suffered and died for lack of proper nursing care.

We do not mean Mrs. Hanson, of Buffalo, that "The Country needs another Florence Nightingale" for we know that the nursing profession has many members with talents "trimmed and burning." But what the world needs is thousands of young women like Florence Nightingale to bring hope and comfort to suffering humanity.

The young women and their parents of our country need to wake up to the fact, that nursing in our day and age is no harder than other work, for there is no greater satisfaction in life than to be trained for a service which is able to relieve suffering.

It gives me much pleasure to present to the readers, "Why Nurses are Happy," by Miss Eva Martin, R. N. More could not buy the tender thoughts, the touch and consideration, which the real nurse gives to the suffering patient.

During the many weary hours she may have worked, her sense of duty to the sick and suffering comes ahead of all else, and compensation is a wonderful feeling of satisfaction, and consolation on which, I think, foreign to any save the nurse or doctor.

The nurse is happy in her work, strange as it may seem to many, because she is doing something for humanity; she is doing something which the great many, idle women are not doing; she is making the world better for having lived in it; she is doing something really worth while. So come along, sister, join with us in the good work. You will never regret preparing yourself to be one of the most useful women in the world.

In these few words we find what every true nurse experiences, while ministering to those who need her skillful hands.

LOUISE HOERMAN, R. N., Superintendent Bismarck Hospital, President North Dakota State Nurses Association.

There are 39 townships in Colorado, covering 1,400 square miles that are underlined with oil shale, averaging 53 feet in thickness.

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance. Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles while it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine double strength—from any druggist—and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine, as this strength is sold under guarantee of money back if it fails to remove freckles.

JOYFUL EATING

Unless your food is digested without the stomach of painful acidity, the joy is taken out of both eating and living.

KI-MOIDS

are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—relief prompt and definite.

MADE BY SCOTT & BOWNE

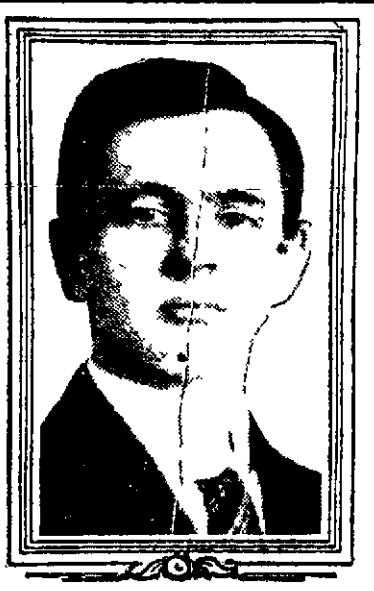

MAKERS OF SCOTT'S EMULSION

NEWSPAPER ARCHIVE

NEWSPAPER ARCHIVE

**ARTHUR LeBEAU**, of Winook, Vermont, who declares he is now in the 'pink of condition' and enjoying life for the first time in many years as the result of taking Tanlac.

"Thanks to Tanlac I am now enjoying life for the first time in years," recently declared Arthur LeBeau, foreman of the Porter Screen Co., Winook, Vermont. "For five years I was a sick man. My principal trouble was indigestion. I had no appetite and generally went off to work without any breakfast because I knew if I ate anything it would only upset me."

"My condition was so bad in fact, I could neither sleep, eat nor work with any satisfaction and was so nervous that the least thing would upset me. Nothing seemed to agree with me and I would have severe cramping pains in my stomach and at times my heart would palpitate badly. I also suffered from shortness of breath, and the least little exertion would make my heart thump like an engine."

"At last I almost decided I would give up my job as I got so weak and miserable I felt I could stand it no longer."

"One night as I sat reading a paper I saw a statement about Tanlac which convinced me it was just the medicine I needed. It helped me from the very first dose and at the time I had finished my third bottle, I hardly knew myself."

"I never have the slightest symptom of indigestion now and I feel like a brand new man in every way. My appetite is splendid, my nerves are settled and I sleep soundly at night. The work I used to dread now seems easy for me and I am now in the very 'pink of condition.' Of course, I am only too glad to recommend this medicine."

Tanlac is sold in Bismarck by Jos. Breslow, in Driscoll by N. D. and J. H. Barrette, in Wing by H. F. Homan, and in Strausburg by Strausburg Drug Co. —adv.

# FREIGHT RATE RULING MADE BY SEPTEMBER

Hearings Before Interstate Commerce Commission Will be Ended Saturday

Washington, D. C., July 2.—Hearings on the proposed freight rate increases which have been in progress for several weeks before the interstate commerce commission, probably will be concluded by Saturday. This will give the commission nearly sixty days before Sept. 1, when it is expected increased freight rates will be made effective.

As much as advanced notice undoubtedly will be given, it is considered likely that the announcement of the commission's decision will be made about August 1.

**Rates Sure to Advance.**

That rates will be advanced seems a certainty. The commission under the new transportation act has no alternative but to adjust rates, so that the roads will earn approximately 5-12 per cent on the value of the properties. The commission can allow an additional one-half of 1 per cent, if it so desires, as a means of providing funds for rehabilitation of the railroads.

It is generally conceded that the commission is likely to grant the full 6 per cent. Just how much of an increase in rates this will amount to will depend upon what method of determining the valuation of the railroads is adopted by the commission.

**What the Carriers Ask.**

The carriers have contended that the property investment account should be the basis, this being \$20,616,573,399. In order to enable the roads to earn 6 per cent on this value an increase in freight rates of approximately 28 per cent is necessary.

Clifford Thorne, attorney for one group of western shippers' organizations, argued that the actual value was not more than 17,000,000.00. Figured on a 6 per cent basis, this would require only 18 per cent increase.

Indications, therefore, seem to be that the increase granted will be at least 18 per cent, and possibly as much as 28 per cent, irrespective of possible wage increases which may be authorized by the railroad labor board at Chicago.

**SECOND PLACE BROOMS SPROUT AT CONVENTION**

San Francisco, July 2.—Vice presidential booms were being inflated today by backers of ten potential candidates.

Both Governor J. M. Cox of Ohio and Secretary of Agriculture E. T. Meredith of Iowa today continued to be mentioned as possibilities for the vicepresidency, although both will be placed in nomination to head the ticket.

Meredith's formal statement of withdrawal from the presidency race is believed to have greatly strengthened his chances for the second place.

Others whose names are being put forward are:

Governor S. V. Stewart, Montana; former Governor James H. Hawley of Idaho; former United States Senator J. Hamilton Lewis, Illinois; Brigadier General L. S. Tyson, Tennessee; Edward L. Dohney, California; former Governor David R. Francis of Missouri; former Governor George Hodge, Kansas; and Vicepresident Thomas H. Marshall.

**WOMEN INMATES ESCAPE FROM JAIL**

Akron, O., July 2.—Three women prisoners hewed their way to freedom at the county jail early today. They are: Carrie Childs, 24, negro, charged with pocket picking; Marie Hamilton, 20, negro, charged with cutting to kill and Pearl White, 23, charged with pocket picking. The women occupied the same cell.

The escape was made the more daring by reason of the location of the cell directly over the jail office. The women, after sawing the bars, dropped to the ground directly in front of the office window.

**PRESIDENT GETS GOOD WILL WIRE**

Washington, July 2.—A telegraphic copy of the resolution adopted by the democratic national convention praising the achievements of President Wilson in the conduct of the war and congratulating him on his recovery was delivered today to the president. It has been delayed in transit. There was no intimation as to whether the president would send a reply.

# BRITISH GOLFER WINS TOURNAMENT

Dart, England, July 2.—George Duncan, the veteran British professional golfer, won the British open golf championship concluded on the links today with a total of 303. Duncan went to the front by doing the third round in 71 and the final round in 72.

# "DANDERINE"

**Stops Hair Coming Out; Doubles Its Beauty.**

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

**COLUMBIA PHONOGRAPHS COLUMBIA RECORDS ON EASY TERMS IF DESIRED COWAN'S DRUG STORE**

**For All Baking Requirements Use Climax Flour** which is always uniform in quality and contains a high percentage of gluten. Necessarily a high priced flour on account of its high quality. For sale by all grocers.

**Russell-Miller Milling Co.**  
Bismarck, N. D.

# FURNITURE, BUILDINGS BURNED TO CHECK PLAGUE

**VERA CRUZ, Mex.**—A third of Vera Cruz city, including the new city market, has been burned in the fight against the bubonic plague. Furniture is carried away and burned at the dumping grounds, as shown above. Larva Cornelio (left) and Benito Cornelio are among the Mexican society girls who are raising funds to help combat the disease.

# THREE MILLION OFFER MADE FOR THE LEVIATHAN

Washington, July 2.—An offer of \$3-million for the giant passenger liner Leviathan and \$800,000 for the liner Dekalb were the only ones that had been received when sealed bids on these two former German liners were opened today at the shipping board.

The United States Mail Steamship company made the offer for the Leviathan upon condition that the board loan \$5-million to the company to be applied to reconditioning the vessel and furnish free of charge a pier for the liner during the reconditioning work.

The American Ship and Commerce company bid for the Dekalb, which it would operate in passenger service between the United States and Germany.

The board reserved decision on the offers for the vessels.

# CHICAGO DRAWS PEOPLE FROM MANY STATES

Chicago, Ill., July 2.—Less than half of the population of Chicago was drawn from Illinois, census figures show. Two thirds of the remainder came from foreign lands. The last third was contributed freely over other states of the union to make Chicago the second largest city in the country.

Of Chicago's population of 2,701,212 those born outside the state numbered 1,448,858. Of these 944,160 were born abroad and 499,438 hailed originally from some other commonwealth in the United States.

Of this last source of Chicago's population, New York state sent more of its sons and daughters to Chicago than did any other state.

Ohio was next in contributing to Chicago's population. It gave 50,223 of the city's residents.

Wisconsin stands third with 49,025. Indiana came fourth with 45,979. Other states and their citizens that the census takers found in Chicago are:

Michigan 38,864; Pennsylvania 34,002; Minnesota 26,688; Missouri 23,615; Kentucky 17,571; Massachusetts 11,076; Kansas 6,693; Nebraska 4,793; South Dakota 1,200; North Dakota 639; and Oklahoma 355.

# NEW TOM MIX PICTURE SAID TO BE THRILLER

The famous cowboy star, Tom Mix, will make his debut in this city as an author and producer at the Eltinge theatre, where William Fox will present his latest and greatest western thriller, "The Danderine," next Monday. This photoplay promises to be something new, for Mix is giving the public his idea of what a fast moving, rapid-fire, sure-hit story of the west is, and how he believes real westerners would interpret it.

As in all Tom Mix productions

# OCCUPANT OF "DEATH CELL" DISTURBS OTHER INMATES BY HIS LOUD SNORES

Gaithersburg, N. Y., July 1.—Even as Paradise had its snake, the "Eternal City" its Roman fever and the amber city, so has the new death house for men at Sing Sing developed its flaw—a flaw so serious that it is declared to be a wholly undesirable place in which to tarry. The individual cells are not sound-proof and one of the twenty-three occupants snores.

The offender is "Sam the Landlord"—otherwise Sam Michalow—and his death house comrades say his criminal achievements are wholly surpassed by his nasal efforts. Not as a gentlemanly snorer moving leisurely through twilight does he snore. Rather, if his fellow prisoners are not exaggerating, the Michalow snore is a symphonic intermingling of a steam siren, a tornado and the explosion of a powder plant.

Michalow's fellow tenants of the new death house made formal protest today to the Warden, Major Lewis E. Lawes, against the roaring, rasping, detonating snore. One snorer suggested some snore-muffler, such as the old-fashioned wooden clothespin, but the consensus favors the removal of "Sam the Landlord" to the old death house adjoining.

One set apart for women. This means one work for the guards, but as every cell in the men's department already is filled the arrival of another condemned prisoner will make such extra work necessary anyhow, the prisoners say.

Cuy Nichols, "Bull" Cassidy, James O'Neil and other slayers declare Michalow is the best sleeper in the house. Thoughts of the fate of Mrs. Elizabeth Linnick of Yonkers, for whose death he was convicted, fail to keep him awake. Besides, he is hopeful that he will get a new trial. But "Sam the Landlord's" placid frame of mind is playing havoc with the other inmates' nerves.

# ENFORCEMENT OF PURE TEA LAW IS TRANSFERRED

Washington, July 2.—Enforcement of the act to prevent importation of impure tea will be transferred tomorrow from treasury department to the department of agriculture, appropriations having been made to the latter department by congress.

A United States board of tea appeals will be appointed by Secretary Meredith, from among employees of the department under one of the provisions of the act transferring the tea inspection service. The principal duties of the new board will be the consideration of appeals by dealers from decisions of tea examiners.

# Pythons Have Free Rein on This Ship

Manila, P. I., July 2.—Stateroom doors were locked and even thirty Californians kept away from the bar of the last voyage of the S. S. Santa Cruz here. A family of four pythons, two said to be the largest ever captured, escaped from their boxes and ambled about the ship as only snakes can amble. They were captured after much excitement.

# DEMANDS DRUG STORE LICENSE

Chicago, July 2.—The Chicago city council revenues committee has decided that drug stores should pay a license of \$500 a year after a delegation of druggists had protested a proposal to add to the recommended license of \$50 an additional charge of \$5.

"The drug stores have taken over the business of the saloon," Alderman Michael J. (Hinky-Dink) Kenna said. "Those selling liquor are profiting. They should pay a license approximating that paid by the saloons."

# GERMAN PLEADS ALLIED HELP

Paris, July 2.—Hugo Stinnes, German capitalist and director of the Woermann Shipping company, is urging the creation of a large international organization to solve the problems of the international economic situation in Europe, according to a Berlin dispatch to the Matin. This organization, in his opinion, should be sanctioned by the entente and based on Franco-German solidarity.

# TWO STATES ARE FOR DRY PLANK

San Francisco, Cal., July 2.—Declarations in favor of the strict enforcement of the Volstead act were formally approved at the caucus of the Michigan and Idaho delegations today. The Idaho contingent also went on record as favoring the league of nations without nullifying reservations.

# ONE GERM CAUSE OF YELLOW FEVER

New York, July 2.—One yellow fever germ is responsible for the disease whenever it is found, according to Dr. Hideyo Noguchi and Israel Kilger, who returned here today from Peru, where they were carrying on research work for the international health board of the Rockefeller institute.

today to the Warden, Major Lewis E. Lawes, against the roaring, rasping, detonating snore. One snorer suggested some snore-muffler, such as the old-fashioned wooden clothespin, but the consensus favors the removal of "Sam the Landlord" to the old death house adjoining.

A family of four pythons, two said to be the largest ever captured, escaped from their boxes and ambled about the ship as only snakes can amble. They were captured after much excitement.

# Tried to Fool the Thieves But Failed

Manchester, July 2.—James Keenan, commercial traveler for a jeweler, had \$15,000 worth of diamonds. He had dummies made and put them in baggage, carrying the real diamonds on his person as a ruse to fool thieves. They picked his pocket and left him the paste stones.

# NORTH CAROLINA GOVERNOR TO URGE PROMPT GIFT OF WOMAN SUFFRAGE

Raleigh, N. C., July 2.—Replying to a message received from President Wilson last Thursday regarding the ratification of the Anthony suffrage amendment, Gov. Bickett today reiterated his purpose of advising the coming special session of the North Carolina legislature to promptly ratify the amendment.

Governor Bickett's letter to the president follows:

"I have the honor to acknowledge receipt of your telegram in regard to the suffrage amendment. While the telegram does not seem to call for a reply, I deem it proper to say that on March 15 of this year I gave to the press a statement that while I was not personally impressed with either the wisdom of or the necessity for

woman suffrage in North Carolina I recognized the coming as inevitable and would advise the special session of our general assembly that the sensible and graceful thing to do would be to accept the inevitable and promptly ratify the amendment. This is still my purpose."

# Capital Laundry Co.

311 Front St. Phone 684

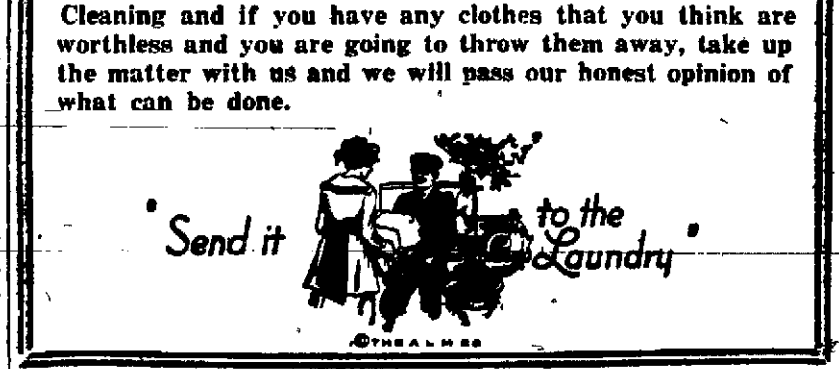

It's good to bathe your clothes as frequently as you bathe your body—it's the true secret of health, coolness, and comfort.

And it's just such bodily well-being and clothes cleanness that we sell by the pound.

The modern laundry service we offer, you see, is based on a pound rate that's reasonable indeed.

Won't you call us up and let us tell you about it? Or if you like, just phone us your address, our driver will willingly stop in and give you full details about this truly modern wash-way.

Remember the fact that we are well equipped to do Dry Cleaning and if you have any clothes that you think are worthless and you are going to throw them away, take up the matter with us and we will pass our honest opinion of what can be done.

# Provide

for a possible day of unemployment, for the time when your income won't be so large—when times have "settled down."

Save money NOW. Our Savings Department pays 4 per cent interest. It is helping thousands of Bismarck people to accumulate money.
